Circular No. VII Railway.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

Railway Traffic.

Calcutta, the 23rd December 1902.

Risk Note, Form G.

READ—

Section 72 of the Indian Railways Act, 1890 (IX of 1890).
Government of India Circular No. I Railway, dated the 9th March 1898.

RESOLUTION.

With Government of India Circular No. I Railway, dated the 9th March 1898, was promulgated a Risk Note, Form D, to be used when the sender elects to despatch at a "special reduced" or "owner's risk" rate dangerous, explosive or combustible articles for which an

alternative "ordinary" or "railway risk" rate is quoted by railway administrations. Consignors using that risk note are obliged to execute a separate note in the prescribed form for each consignment despatched by them.

2. To obviate the inconvenience thus experienced by regular consignors, and to assist the trade generally, it has been suggested that an additional Risk Note, Form G, should be introduced for use as an alternative to Form D to cover frequent despatches of dangerous, explosive, or combustible articles booked at owner's risk.

3. The Governor General in Council is accordingly pleased to approve, under Section 72 (2) (*b*) of the Indian Railways Act, 1890 (IX of 1890), of the use of the enclosed form, with effect from the 1st February 1903, by railway administrations working railways to which the said Act applies.

4. In the case of railways to which Local Acts similar in scope to the Indian Railways Act, 1890 (IX of 1890), are applicable, the Governor General in Council is also pleased to approve of the use of the form from the same date, so far as his approval may be necessary under such Local Acts.

Risk Note, Form G.

READ—

Section 72 of the Indian Railways Act, 1890 (IX of 1890).
Government of India Circular No. I Railway, dated the 9th March 1898.

RESOLUTION.

With Government of India Circular No. I Railway, dated the 9th March 1898, was promulgated a Risk Note, Form D, to be used when the sender elects to despatch at a "special reduced" or "owner's risk" rate, dangerous, explosive or combustible articles for which an alternative "ordinary" or "railway risk" rate is quoted by railway administrations. Consignors using that risk note are obliged to execute a separate note in the prescribed form for each consignment despatched by them.

2. To obviate the inconvenience thus experienced by regular consignors, and to assist the trade generally, it has been suggested that an additional Risk Note, Form G, should be introduced for use as an alternative to Form D to cover frequent despatches of dangerous, explosive, or combustible articles booked at owner's risk.

3. The Governor General in Council is accordingly pleased to approve, under Section 72 (2) (*b*) of the Indian Railways Act, 1890 (IX of 1890), of the use of the enclosed form, with effect from the 1st February 1903, by railway administrations working railways to which the said Act applies.

4. In the case of railways to which Local Acts similar in scope to the Indian Railways Act, 1890 (IX of 1890), are applicable, the Governor General in Council is also pleased to approve of the use of the form from the same date, so far as his approval may be necessary under such Local Acts.

ORDER.—Ordered that a copy of this resolution, and of its enclosure, be communicated to the Local Governments and Administrations and to the Officers marginally noted, for information and guidance; also to the Governments of the United Provinces of Agra and Oudh, and the Punjab, the Honourable the Chief Commissioner of the Central Provinces, the Honourable the Agent to the Governor General in Baluchistan, the Honourable the Agent to the Governor General and Chief Commissioner of the North-West Frontier Province, the Accountant General, Public Works Department, and to the Foreign Department, for information. PUBLIC WORKS DEPARTMENT.

Railway Traffic.

Calcutta, the 23rd December 1902.

Risk Note, Form G.

READ—

Section 72 of the Indian Railways Act, 1890 (IX of 1890).
Government of India Circular No. I Railway, dated the 9th March 1898.

RESOLUTION.

1. With Government of India Circular No. I Railway, dated the 9th March 1898, was promulgated a Risk Note, Form D, to be used when the sender elects to despatch at a "special reduced" or "owner's risk" rate, dangerous, explosive or combustible articles for which an alternative "ordinary" or "railway risk" rate is quoted by railway administrations. Consignors using that risk note are obliged to execute a separate note in the prescribed form for each consignment despatched by them.

2. To obviate the inconvenience thus experienced by regular consignors, and to assist the trade generally, it has been suggested that an additional Risk Note, Form G, should be introduced for use as an alternative to Form D to cover frequent despatches of dangerous, explosive, or combustible articles booked at owner's risk.

3. The Governor General in Council is accordingly pleased to approve, under Section 72 (2) (*b*) of the Indian Railways Act, 1890 (IX of 1890), of the use of the enclosed form, with effect from the 1st February 1903, by railway administrations working railways to which the said Act applies.

4. In the case of railways to which Local Acts similar in scope to the Indian Railways Act, 1890 (IX of 1890), are applicable, the Governor General in Council is also pleased to approve of the use of the form from the same date, so far as his approval may be necessary under such Local Acts.

ORDER.—Ordered that a copy of this resolution, and of its enclosure, be communicated to the Local Governments and Administrations and to the Officers marginally noted, for information and guidance; also to the Governments of the United Provinces of Agra and Oudh, and the Punjab, the Honourable the Chief Commissioner of the Central Provinces, the Honourable the Agent to the Governor General in Baluchistan, the Honourable the Agent to the Governor General and Chief Commissioner of the North-West Frontier Province, the Accountant General, Public Works Department, and to the Foreign Department, for information. Further, that this resolution and the accompanying form be published under a notification in Part I of the *Gazette of India*, and that it be reproduced in the Local Government *Gazettes*.

SALE OF TODDY SHOPS FOR 1903-04.

Notification No. 429—Ex. F. 6-1902, dated Bangalore, 18th March 1903.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended *Schedule for one year, beginning with 1st July 1903 and ending with 30th June 1904, will be put up to public auction at upset prices by the respective Deputy Commissioners or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective Taluk Kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The officer conducting the sale shall be at liberty to revise, when necessary, the grouping of shops as specified in the Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case, b means of tenders or by private negotiation, or to sell the privilege in any Coffee Estate to the planter for a fixed amount not less than Rs. 12 per shop. The shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, *unless revised by the Government*, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of infringement of the terms of his license or of the Excise Laws in force, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or an account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of the groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. Such deposits will be returned at the close of the sale.

(*b*) No shops or groups of shops shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any, has been accepted under

*NOTE.—For Schedule, see *Mysore Gazette* Supplement, dated 26th March 1903.

the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss by the re-sale or other disposal, but shall not be entitled to any gain by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent, or to deposit two months' rent, and to furnish personal security for an amount equal to three months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to three months' rent shall invariably be taken, and no personal security shall be demanded or accepted. If the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani, and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1903. But if the amount of annual rent for any shop does not exceed Rs. 5, the whole of it shall be paid in the first instalment. Each instalment shall be regarded as the rent for the month in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk, as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents, the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall, with interest at 6 per cent per annum, be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee informing [illegible]

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended Schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(8) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(9) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts, the licensee who has purchased the right of vend of bagani toddy, may permit the tapping of bagani trees for domestic consumption, as well as for sale within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated, nor permit any person having interest in the exclusive privilege of vending arrack in the taluk, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferable, except with the permission of the Excise Commissioner.

6. (1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents.

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the tree-tax prescribed in clause (9) below, and

The licenses may be issued in the name of the applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the Local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped and also for tree-rent in the case of trees on Government unoccupied lands.

(5) On receipt of an application, the Inspector will at once take steps for the marking of the trees by an officer superior in rank to a Sub-Inspector, and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days, and pots may be attached to such marked trees during the five days immediately preceding the period to which they relate, to take effect from the commencement of such period, provided that no toddy shall be removed from the trees except during the currency of such license.

(9) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Tree.	Tree-tax for each tree per annum including local cess. Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

Note—The licenses will be free of tax to the Mysore Government in the cases specified in clause (1) (*b*) and (*c*) above.

(10) In addition to the above tax, tree-rent at annas 4 per tree per annum with local cess thereon shall be paid for all Government trees tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject, of course, to the levy by Government of tree-tax.

The amount of tree-rent shall be credited to the respective Departments concerned.

(11) The tree-tax and tree-rent (with local cess on both the items) shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July 1903 and 30th April 1904.	One-third ...	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax and tree-rent payable thereon, shall be paid with the application.
Between 1st May 1904 and 30th June 1904.	The whole ...	None.

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject:—

(*a*) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.

(*b*) A shop-keeper or renter in the Madras Presidency desiring to obatin toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar after satisfying himself that the a licant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(*c*) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department, for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees etc., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(*d*) The Inspector concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British officer to grant permits from the frontier on to the destination of the toddy.

(*e*) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the District, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Inspector of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees:—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over-tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places where permission is specially given.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision ; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

(17) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tapmen to enable Excise officers to examine incisions or spathes, as the case may be, or to measure the incisions.

(7) In case of any breach of the aforesaid Rules or of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops on 1st July 1903, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once ; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege, shall be made good by the licensee or his surety in the manner specified under para 3 above. All sums due shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of a deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

SALE OF ARRACK VEND FARMS FOR 1903-04.

Notification No. 441—Ex. F. 7-1902, dated Bangalore, 18th March 1903.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling arrack in the defined tracts specified in the appended schedule for the twelve months beginning with 1st July 1903 and ending with 30th June 1904, will be put up to public auction at upset prices, at the respective taluk kasbas, on the dates mentioned in the said schedule, by the respective Deputy Commissioners, or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former lessee, who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid.

3. *(a)* Parties intending to bid must attend either in person or by duly authorized agents.

(b) No person will be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or such other reasonable amount as may be fixed by the officer conducting the sale; (provided that the Government may at any time dispense with such initial deposit). No farm shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

(c) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(d) The successful bidder must, on the farm being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent.

(*e*) Within 15 days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

(*f*) If he fail to make any of the deposits aforesaid, or to get the requisite surety or sureties, the deposits already made shall be forfeited, the farm shall be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 shall be at the risk of the defaulting bidder, who shall forfeit all gain, and in the event of a loss by the re-sale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land

*NOTE.—For Schedule, see *Mysore Gazette* Supplement, dated 26th March 1903.

revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

5. The purchaser of the exclusive privilege of vend in each defined tract shall sign an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of his agreement; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

6. The details of consumption of arrack in the shops of the existing farms and at depots, the amount of rental of each farm, etc., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° U. P. and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors, such as brandy, whisky, gin, etc., manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasuries on printed chellans in equal monthly instalments commencing from July 1903. Each instalment shall be regarded as the rent for the month in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase molasses arrack at 8½ annas per gallon of 20° U. P. from Messrs. Arbuthnot & Co. of Madras, who have been appointed manufacturers of arrack and other country spirits to the State, or from any Bonded Depot established under the sanction of Government. The licensees of the vend farms in the taluks of Chikmagalur, Koppa, Mudgere, Tarikere, Manjarabad and Belur

and such other taluks as may be ordered by the Excise Commissioner, can also purchase jaggory arrack from Bonded Depots in duly corked sealed bottles at Rs. 6-2-6 (including duty with local cess, *viz.*, Rs. 4-12-0) per gallon of 20° U. P., and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° U. P. or Rs. 1-3-10 per reputed quart bottle.

(*b*) The rate payable as above for molasses arrack shall be in addition to excise duty which shall be prepaid into the Taluk Treasury or into any other Government Treasury with the permission of the Deputy Commissioner as per following condition (5), at Rs. $4\frac{3}{4}$ (including local cess) per gallon of 20° U. P. and proportionately for lower strengths, before the removal of the arrack from the Distillery, or from any Bonded Depot established under the sanction of Government.

(*c*) The licensee shall sell molasses arrack to the public at Rs. 6-6-0 per gallon of 20° U. P. (*i.e.*, at annas 2 per dram, which is equal to $\frac{1}{51}$st part of a gallon) and at proportionate rates for lower strengths.

(5) (*a*) The licensee who obtains his supplies of arrack in his own vessels direct from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack at the aforesaid rates to the manufacturers or their agent, obtaining a receipt from him therefor, the officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury receipt, and he shall forward the Treasury receipt to the Excise Commissioner's office under his endorsement as to the date and hour when the arrack was issued; and he shall issue a rahadari in the prescribed form for the transport of arrack from the Distillery.

(*b*) The licensee who gets his supplies from a Bonded Depot, shall pay both the price and duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depot-keeper shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt, which shall be dealt with as laid down in the last preceding clause.

(*c*) The arrack issued to the licensee's shops shall be covered by the prescribed permits.

(6) The licensee who obtains his supplies of arrack from a Bonded Depot will not be required to open his own depot, or to provide himself with his own casks. In such cases the Government transporting contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the said Bonded Depot. Provided, however, that in the event of the licensee pre-paying the duty and price of the whole contents of any casks received from the Distillery, he will be at liberty to distribute the whole quantity at once to his shops, or to remove it in his own vessels to any depot, which he may open within his farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to his shops. He shall be bound to keep in the Bonded Depot or in his own depot, if any, such stock of arrack as may be ordered by the Excise Commissioner.

(7) With the consignments of arrack from the Distillery or Bonded Depot to Farm Depots as well as with those from Farm Depots or Bonded Depots to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The rahadaris or passes issued

with the arrack purchased by him shall be subject to examination and check under the rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10). The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the taluk within which his farm is situated, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the taluk, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any districts of the Madras or Bombay Presidency under the British Government or any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1903 in the Bonded Depot or in his Farm Depot, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise Laws in force, and by any additional rules which may from time to time be prescribed under the Excise Laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farms shall not be transferable except with the permission of the Excise Commissioner.

(15) The Deputy Commissioner shall grant to each shop under the licensee a license in the prescribed form.

(16) Resignations of farms in whole or part shall be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee or, with his connivance or privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or for such neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license, and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee, or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1903, shall be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws or other law for the time being in force.

Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

(b) No shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders, if not forfeited as hereinafter provided, will be returned to them at the close of the sale. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. If he fail to make any of these deposits or to get the requisite surety or sureties, the deposits already made will be forfeited, the shop will be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from, bidding again for the same or for any other shop.

In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days abovementioned, take out licenses and execute agreements in the

prescribed form, binding themselves and so much of their movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by them of the terms of their agreement. On the failure of any person to take out licenses or to execute agreements as aforesaid, all deposits already made shall be forfeited, the shop or shops shall be re-sold at the risk and loss of such person, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, etc., for serveral years past are specified in the appended schedule.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely :—

(1) The privilege conferred by the license extends only to the sale of Arrack ordinarily of 20° the strength of under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors such as Brandy, Whisky, Gin etc., manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) *(a)* The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury, in equal monthly instalments, commencing from July 1903. Each instalment shall be regarded as the rent for the month in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the separate shop as soon after the last day of the month as may be possible.

(b) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that where the separate shop is re-sold, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shop. SALE OF TODDY SHOPS FOR 1903-04.

Notification No. 429—Ex. F. 6-1902, dated Bangalore, 18th March 1903.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling toddy in each shop or group of shops specified in the appended *Schedule for one year, beginning with 1st July 1903 and ending with 30th June 1904, will be put up to public auction at upset prices by the respective Deputy Commissioners or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said Schedule, and at the respective Taluk Kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The officer conducting the sale shall be at liberty to revise, when necessary, the grouping of shops as specified in the Schedule hereto appended, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case, by means of tenders or by private negotiation, or to sell the privilege in any Coffee Estate to the planter for a fixed amount not less than Rs. 12 per shop. The shops in alienated villages shall be separately sold, and the amounts connected therewith shall be shown in the accounts under a distinct head. The sale in every case shall be subject to the conditions hereinafter set forth, and shall, *unless revised by the Government*, take effect upon formal confirmation by the Deputy Commissioner. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit, which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of infringement of the terms of his license or of the Excise Laws in force, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the licensee breaking down.

2. (*a*) Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or an account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of the groups of shops, or such other reasonable amount as may be fixed by the officer conducting the sale. Such deposits will be returned at the close of the sale.

(*b*) No shops or groups of shops shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient, to observe the conditions hereinafter set forth, as well as those specified in the license to be issued to him; and his surety, if any, has been accepted under

*NOTE.—For Schedule, see *Mysore Gazette* Supplement, dated 26th March 1903.

the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the security bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith re-sold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him, and shall further be liable to make good any loss by the re-sale or other disposal, but shall not be entitled to any gain by the re-sale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may in his discretion, allow any purchaser to deposit one month's rent as above, and to furnish approved personal security for an amount equal to four months' rent, or to deposit two months' rent, and to furnish personal security for an amount equal to three months' rent. In all cases where the monthly rent does not exceed Rs. 10, a cash deposit equal to three months' rent shall invariably be taken, and no personal security shall be demanded or accepted. If the purchaser shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties, residents of and possessing property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to tree-tax Rules, toddy-yielding trees in the groves assigned to his shop or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any licensed toddy shop-keeper on application to the Inspector, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani, and dadasal toddy. But in tracts where both date and bagani toddy shops exist, the licensee of the date toddy shop shall not tap bagani trees, and the licensee of the bagani toddy shop shall not tap date trees; but both licensees can tap any of the other palm trees named above.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1903. But if the amount of annual rent for any shop does not exceed Rs. 5, the whole of it shall be paid in the first instalment. Each instalment shall be regarded as the rent for the month in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, order the forfeiture of all deposits made by the defaulter, and proceed to re-sell or otherwise dispose of the shop or group of shops at the defaulter's risk, as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the same as above, the Deputy Commissioner may, in his discretion, direct the Amildar to issue licenses to sub-vendors or vendors under the defaulting licensee for rents, the aggregate of which is not less than the rent the defaulting licensee had agreed to pay.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears and deficits payable by a licensee shall, with interest at 6 per cent per annum, be recoverable from him or his surety under the rules in force for the recovery of land revenue. Interest shall be calculated on all arrears from the date of default and on deficits from the date of re-sale.

(5) If the Deputy Commissioner does not confirm the re-sale, he may make such other arrangements as may appear advisable for the remainder of the period of the license, in which case he shall serve a notice on the defaulting licensee, informing him of the nature of the arrangements made.

(6) Toddy shall not be sold to the public at less than the retail rates specified in the appended Schedule.

(7) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(8) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form. The licensee of the depôt shall keep true accounts of the quantity of toddy received in the depôt and issued to the shops. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(9) Toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules, are strictly prohibited. Provided, however, that in bagani tracts, the licensee who has purchased the right of vend of bagani toddy, may permit the tapping of bagani trees for domestic consumption, as well as for sale within the limits of the village purchased by him. The licensee of each shop will be required to keep an account of the receipts and expenditure of toddy in his shop.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site. A sufficient supply of toddy shall be maintained in all sanctioned shops.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack within the taluk in which his shop is situated, nor permit any person having interest in the exclusive privilege of vending arrack in the taluk, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(12) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(13) The license shall not be transferable, except with the permission of the Excise Commissioner.

6. (1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorized agents.

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the tree-tax prescribed in clause (9) below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the prescribed tree-tax for drawing toddy for *bonâ fide* domestic purposes as per Government Order No. 11897-906—Excise 485, dated 20th June 1893, for such number of trees as may be found necessary by the Excise Commissioner.

The licenses may be issued in the name of the applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the Local Treasury. Forms may be obtained from him or the Assistant Inspectors under him.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked, in token of his consent. Applications for tree-tapping licenses for trees in State Forests and Plantations should be countersigned by the Forest Range Officer in token of his consent.

(4) Persons applying for the issue of tree-tapping licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped and also for tree-rent in the case of trees on Government unoccupied lands.

(5) On receipt of an application, the Inspector will at once take steps for the marking of the trees by an officer superior in rank to a Sub-Inspector, and for the timely issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at the Deputy Commissioner's discretion.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or incisions for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Treasury.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual. For the convenience of the licensee, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days, and pots may be attached to such marked trees during the five days immediately preceding the period to which they relate, to take effect from the commencement of such period, provided that no toddy shall be removed from the trees except during the currency of such license.

(9) No tree shall be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Tree.	Tree-tax for each tree per annum including local cess. Rs. a. p.
Date	1 1 0
Cocoanut	2 2 0
Palmyra	1 9 6
Bagani or Sago palm	1 9 6
Dadasal (Arenga wightii)	0 8 6

Note—The licenses will be free of tax to the Mysore Government in the cases specified in clause (1) (*b*) and (*c*) above.

(10) In addition to the above tax, tree-rent at annas 4 per tree per annum with local cess thereon shall be paid for all Government trees tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station of Bangalore.

NOTE.—No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject, of course, to the levy by Government of tree-tax.

The amount of tree-rent shall be credited to the respective Departments concerned.

(11) The tree-tax and tree-rent (with local cess on both the items) shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

Period within which license is applied for.	Proportion of tree-tax and tree-rent to be paid at the time of application for license.	Proportion of tree-tax and tree-rent to be paid before the end of the month following.
Between 1st July 1903 and 30th April 1904.	One-third ...	The remaining two-thirds. But if the number of date, cocoanut and palmyra trees applied for be ten or less than ten, and of bagani and dadasal trees be five or less than five, the whole amount of tree-tax and tree-rent payable thereon, shall be paid with the application.
Between 1st May 1904 and 30th June 1904.	The whole ...	None.

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject:—

(*a*) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Inspector concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.

(*b*) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Tahsildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Tahsildar after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(*c*) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department, for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees etc., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the tree-tax, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(*d*) The Inspector concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British officer to grant permits from the frontier on to the destination of the toddy.

(*e*) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the District, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Inspector of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees:—

(*a*) Date trees shall be tapped only by professional men.

(*b*) Trees tapped one year shall not ordinarily be tapped the next year.

(*c*) Trees shall not be over-tapped or overworked.

(*d*) In no date tree shall the initial incision be made at any point less than 3 feet from the ground except in places where permission is specially given.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree, and the length of it shall not exceed eight inches.

(*f*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*g*) The central spike-like clusters shall not be touched. Of the lateral leaves not less than two layers of leaves shall be left, reckoning from the layers immediately next to the central clusters down to the top line of the incision ; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters, on that face of the tree on which the incision is made.

(*h*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*i*) The licensee or his employer will be liable to pay a fine of one rupee for each tree in excess of three per cent of the number of trees marked for him which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

(17) In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tapmen to enable Excise officers to examine incisions or spathes, as the case may be, or to measure the incisions.

(7) In case of any breach of the aforesaid Rules or of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops on 1st July 1903, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and to re-sell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the license shall become due at once ; and all loss caused to Government by the cancelment of the license or by the re-sale or other disposal of the privilege, shall be made good by the licensee or his surety in the manner specified under para 3 above. All sums due shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of a deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

SALE OF ARRACK VEND FARMS FOR 1903-04.

Notification No. 441—Ex. F. 7-1902, dated Bangalore, 18th March 1903.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling arrack in the defined tracts specified in the appended schedule for the twelve months beginning with 1st July 1903 and ending with 30th June 1904, will be put up to public auction at upset prices, at the respective taluk kasbas, on the dates mentioned in the said schedule, by the respective Deputy Commissioners, or by Revenue Sub-Division Officers or Divisional Officers of the Excise Department or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former lessee, who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons,* be tantamount to an acceptance of the bid.

3. *(a)* Parties intending to bid must attend either in person or by duly authorized agents.

(b) No person will be permitted to bid until he has deposited Rs. 200 for each defined tract or farm, or such other reasonable amount as may be fixed by the officer conducting the sale; (provided that the Government may at any time dispense with such initial deposit). No farm shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

(c) The deposits made by unsuccessful bidders, if not forfeited as hereinafter provided, will be returned at the close of the sale.

(d) The successful bidder must, on the farm being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent.

(*e*) Within 15 days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State or to be of doubtful solvency, he may be required to deposit twice the prescribed sum, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract.

(*f*) If he fail to make any of the deposits aforesaid, or to get the requisite surety or sureties, the deposits already made shall be forfeited, the farm shall be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 shall be at the risk of the defaulting bidder, who shall forfeit all gain, and in the event of a loss by the re-sale, shall make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale; and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land

revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

5. The purchaser of the exclusive privilege of vend in each defined tract shall sign an agreement binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by the purchaser of the terms of his agreement; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made shall be forfeited; and the exclusive privilege shall be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it shall be binding on his heirs or assigns.

6. The details of consumption of arrack in the shops of the existing farms and at depots, the amount of rental of each farm, etc., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner shall issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of arrack ordinarily of 20° U. P. and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of arrack of 30° under-proof. But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors, such as brandy, whisky, gin, etc., manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) The amount for which the privilege has been purchased shall be payable into the local Taluk Treasuries on printed chellans in equal monthly instalments commencing from July 1903. Each instalment shall be regarded as the rent for the month in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase molasses arrack at 8½ annas per gallon of 20° U. P. from Messrs. Arbuthnot & Co. of Madras, who have been appointed manufacturers of arrack and other country spirits to the State, or from any Bonded Depot established under the sanction of Government. The licensees of the vend farms in the taluks of Chikmagalur, Koppa, Mudgere, Tarikere, Ma[illegible]

and such other taluks as may be ordered by the Excise Commissioner, can also purchase jaggory arrack from Bonded Depots in duly corked sealed bottles at Rs. 6-2-6 (including duty with local cess, *viz.*, Rs. 4-12-0) per gallon of 20° U. P., and sell such bottles only to respectable individuals at Rs. 7-7-0 per gallon of 20° U. P. or Rs. 1-3-10 per reputed quart bottle.

(*b*) The rate payable as above for molasses arrack shall be in addition to excise duty which shall be prepaid into the Taluk Treasury or into any other Government Treasury with the permission of the Deputy Commissioner as per following condition (5), at Rs. $4\frac{3}{4}$ (including local cess) per gallon of 20° U. P. and proportionately for lower strengths, before the removal of the arrack from the Distillery, or from any Bonded Depot established under the sanction of Government.

(*c*) The licensee shall sell molasses arrack to the public at Rs. 6-6-0 per gallon of 20° U. P. (*i.e.*, at annas 2 per dram, which is equal to $\frac{1}{5}\frac{1}{7}$st part of a gallon) and at proportionate rates for lower strengths.

(5) (*a*) The licensee who obtains his supplies of arrack in his own vessels direct from the Distillery shall pay the above duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, and on payment of the price of such arrack at the aforesaid rates to the manufacturers or their agent, obtaining a receipt from him therefor, the officer in charge of the Distillery shall issue the quantity of arrack covered by the amount of duty shown in the Treasury receipt, and he shall forward the Treasury receipt to the Excise Commissioner's office under his endorsement as to the date and hour when the arrack was issued; and he shall issue a rahadari in the prescribed form for the transport of arrack from the Distillery.

(*b*) The licensee who gets his supplies from a Bonded Depot, shall pay both the price and duty into the Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depot-keeper shall issue the quantity of the arrack covered by the amount of price and duty shown in the Treasury receipt, which shall be dealt with as laid down in the last preceding clause.

(*c*) The arrack issued to the licensee's shops shall be covered by the prescribed permits.

(6) The licensee who obtains his supplies of arrack from a Bonded Depot will not be required to open his own depot, or to provide himself with his own casks. In such cases the Government transporting contractor, his agent or servants shall convey such licensee's supplies of arrack from the Distillery, and deliver the same to him or to the shop-keepers under him in the said Bonded Depot. Provided, however, that in the event of the licensee pre-paying the duty and price of the whole contents of any casks received from the Distillery, he will be at liberty to distribute the whole quantity at once to his shops, or to remove it in his own vessels to any depot, which he may open within his farm under the Deputy Commissioner's license, and issue therefrom the requisite supply to his shops. He shall be bound to keep in the Bonded Depot or in his own depot, if any, such stock of arrack as may be ordered by the Excise Commissioner.

(7) With the consignments of arrack from the Distillery or Bonded Depot to Farm Depots as well as with those from Farm Depots or Bonded Depots to shops, sample bottles shall be issued in such manner as may be ordered by the Excise Commissioner. The arrack kept in Farm Depots or issued therefrom to shops, as well as the arrack kept in shops or sold therefrom to the public, shall be of the same quality and strength as issued from the Distillery or Bonded Depot, and shall not be adulterated or diluted in any manner whatever.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack [illegible] issued to shop-keepers. The rahadaris or passes issued

with the arrack purchased by him shall be subject to examination and check under the rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the taluk within which his farm is situated, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the taluk, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any arrack farm in any districts of the Madras or Bombay Presidency under the British Government or any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1903 in the Bonded Depot or in his Farm Depot, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise Laws in force, and by any additional rules which may from time to time be prescribed under the Excise Laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farms shall not be transferable except with the permission of the Excise Commissioner.

(15) The Deputy Commissioner shall grant to each shop under the licensee a license in the prescribed form.

(16) Resignations of farms in whole or part shall be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee or, with his connivance or privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or for such neglect or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license, and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee, or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1903, shall be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the Excise Laws or other law for the time being in force.

Notification No. 442—Ex. F. 7-1902, dated 18th March 1903.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the appended * schedule for the twelve months beginning with 1st July 1903, and ending with 30th June 1904, will be put up to public auction at upset prices, by the respective Deputy Commissioners or by Revenue Sub-Division Officers or by Divisional Officers of the Excise Department or Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates and at the places mentioned in the said schedule. If the sales are not completed on abovenamed days, they will be continued on the next following days.

2. *(a)* Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government for special reasons*, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at discretion. The condition and character of intending bidders may be enquired into; and the officer conducting the sale may, at the time of sale, refuse to receive the necessary deposit which gives the right to bid, from persons regarding whom the result of such enquiries is not satisfactory. No former licensee who has been guilty of an infringement of the terms of his lease or of the Excise Laws or Rules, shall be entitled to bid. The officer conducting the sale shall not be bound to accept the highest bid, should he consider it to be so extravagantly high as to afford apprehension of the lease breaking down.

(b) No shop shall be knocked down in the name of more than one person or of more than one company or firm duly represented. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders, if not forfeited as hereinafter provided, will be returned to them at the close of the sale. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. If he shall be found to be a foreigner having no property in the Mysore State, or to be of doubtful solvency, he may be required to deposit twice the prescribed sum or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. If he fail to make any of these deposits or to get the requisite surety or sureties, the deposits already made will be forfeited, the shop will be immediately re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from, bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who shall forfeit all gain; and in the event of a loss by re-sale, he shall make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit shall be deducted from the loss arising from the re-sale, and the remainder, if any, shall be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit shall be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days abovementioned, take out licenses and execute agreements in the

prescribed form, binding themselves and so much of their movable and immovable property as may be deemed sufficient by the Deputy Commissioner for the due fulfilment by them of the terms of their agreement. On the failure of any person to take out licenses or to execute agreements as aforesaid, all deposits already made shall be forfeited, the shop or shops shall be re-sold at the risk and loss of such person, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, etc., for several years past are specified in the appended schedule.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely :—

But it shall not extend to the sale of double-distilled or rectified country spirits and other special liquors such as Brandy, Whisky, Gin etc., manufactured at the Government Central Distillery, Bangalore, and which the foreign-liquor shop-keepers alone are permitted to sell at the prices fixed by themselves.

(2) *(a)* The amount for which the privilege has been purchased shall be payable into the local Taluk Treasury, in equal monthly instalments, commencing from July 1903. Each instalment shall be regarded as the rent for the month in respect of which it is payable. The licensee is not required to make any additional payment on account of local cess. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the separate shop as soon after the last day of the month as may be possible.

(b) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. (4) The licensee of every shop in the towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation at the rate of Rs. 180 per annum in advance for the period of the license for his shop ; and he shall pay also a license fee of 4 annas per gallon on all Arrack sold by him in excess of 55 gall

From stone $\frac{IV}{6}$, the boundary line runs 155 feet south-west by west along west of the road to stone $\frac{IV}{7}$. From stone $\frac{IV}{7}$, the boundary line runs 376 feet south-west along the west of the road to stone $\frac{IV}{8}$, meeting the present Station boundary at the north-east corner of the 'Idga' near the road culvert. After this the boundary follows the irregular outline of the Masjid, immediately north of that village Survey block No. 671 on Revenue Survey Sheet I, until it meets to the west of the tanneries, the northern boundary line of the Inam village of Byaderhalli. This point is marked on the ground by boundary stone No. V and is lettered C on Revenue Survey Sheet I."

4. Para VI of the aforesaid schedule shall be omitted.

5. Para VIII will be amended as follows :—

"VII. From stone No. VI, the Civil and Military Station boundary line follows in zig-zag the west boundaries of the Byaderhalli fields until it crosses the nullah at stone now marked $\frac{VII}{1}$. From stone $\frac{VII}{1}$ the boundary line turns to the west for a distance of 218 feet to stone $\frac{VII}{2}$. From stone $\frac{VII}{2}$ the boundary line runs south-west by west for 85 feet to stone $\frac{VII}{3}$. From stone $\frac{VII}{3}$ the boundary line turns south-west by south for 70 feet along the west of the Police outpost to stone $\frac{VII}{4}$. From stone $\frac{VII}{4}$ the boundary line runs east along south of the Police outpost to stone $\frac{VII}{5}$. From stone $\frac{VII}{5}$ the boundary line runs north for 20 feet to stone $\frac{VII}{6}$. From stone $\frac{VII}{6}$ the boundary line runs 267 feet east to corner of present boundary line south of St. John's Hill cross road and opposite the S. B. stone No. VII to which point the existing S. B. stone No. VII should be removed and re-fixed. Thence it passes down St. John's Hill cross road just outside the south-western side drain until it reaches the eastern corner of field No. 668 where boundary stone No. VIII is fixed."

6. Para XV shall be amended as follows :—

"From stone No. XIV, the boundary still keeping to the Cubbon Park fence, runs along St. Mark's road and curving round line of fence at Cubbon Park Police Station marked stone No. $\frac{XIV}{1}$, the boundary line turns almost due west for 139 feet along the north of the Cubbon Park Station to stone $\frac{XIV}{2}$ and from $\frac{XIV}{2}$ the boundary line runs south for 97 feet and along west of the Police Station to stone No. $\frac{XIV}{3}$. From stone $\frac{XIV}{3}$, the boundary line turns to the east for 41 feet and south of the Police Station to stone No. $\frac{XIV}{4}$ where it meets the Sydney road and runs along front of the Museum to the cross roads whence the causeway across Sampangi tank takes off. The change of direction which here occurs is marked by boundary stone No. XV, Point I, Revenue Survey Sheet I. From this point the boundary runs along the western edge of the Sampangi causeway until it falls into the Sampangi tank bund, boundary stone No. XVI being fixed at this point of intersection, Point J, Revenue Survey Sheet I."

7. Paragraph XX of the aforesaid Notification No. 56, dated 17th May 1881 shall with reference to the assignment of certain lands of the villages of Koramangal and Ijipur, referred to in Notification No. 10424—Mis. 1454, dated 11th March 1896, be amended as follows :—

The positions of stones Nos. XXVI and XXVII will be altered as herein indicated :—

"XX. From stone No. XXV, the boundary runs along the edge of the Koramangala tank to stone No. XXVI on the south side of the Nilsandra road to the south-west of the Commissariat Slaughter house and thence along the south side of that road to stone No. XXVII which is at the point where that road meets the road running along the west side of the Artillery Practice Ground."

8. In paragraph XXII of the said Notification No. 56 dated the 17th May 1881, the word 'west' shall be substituted for the word 'east' between the words 'turns' and 'along' as hereunder:—

"XXII. From point O boundary stone No. XXX, the Station boundary line bears away north-east above the bed of the Chellaghatta tank, and then at point marked by boundary stone No. XXXI near the Vartur District road it turns north and follows from bandh to bandh the eastern field boundaries of Domlur and Dukanahalli villages. At the north-eastern angle of the village boundaries of Dukanahalli marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanahalli northern boundary, and then leaving the hamlet of Appireddipaliem on the left, runs into the village boundary of Binnamangala at point marked by boundary stone No. XXXIII."

9. A schedule giving the boundaries of the Civil and Military Station of Bangalore as now revised, is appended.

DESCRIPTION OF THE BOUNDARIES OF THE CIVIL AND MILITARY STATION OF BANGALORE.

I. The boundary line of the Civil and Military Station of Bangalore will be assumed, for purpose of description, to start from the angle formed by the northern and eastern Revenue Survey boundary lines of the kayamgutta village lands of Dodkunte. This point, marked on the ground by boundary stone No. I, and lettered R on Revenue Survey Sheet 2, is the extreme north-eastern angle of the boundary limits now fixed for the Station. It is situated by the side of the Banasavadi road and on the centre of the ridge which divides the catchment basins of Lingarajpura and Narasampalyam tanks.

II. From this starting point the northern Station boundary hugs for some distance the Banasavadi road until it comes to the rocky hill known as "Machilgutte," round the southern base of which it sweeps, then following westward and coinciding with Revenue Survey boundary between the villages Dodkunte and Lingarajpura. It thus runs along the watershed and nearly parallel to the line of railway until it crosses the Kachakalli Road at a point a short distance from and due north of the Native Cemetery of St. John's Hill. This point is marked on the ground by boundary stone No. II, and is lettered A on Revenue Survey Sheets 2 and 1.

III. Thence the Station boundary continues westward along the village boundary line until it reaches the north-western angle of the Dodkunte lands, which point is marked on the ground by boundary stone No. III.

IV. To the north of the boundary described in the above paragraph is an isolated piece of land attached to the Civil and Military Station for the purposes of a Hindu burial ground and a Municipal filth depot comprising an area of 28 acres and 37 guntas and bounded as follows:—From boundary stone $\frac{II}{1}$, which is situated on the west side of the road leading to Hennur and $102\frac{2}{3}$ yards north-east by north of stone II along the side of the same road for about 187 yards in a direction north-east by north, to stone $\frac{II}{2}$; thence west north-west about 61 yards to stone $\frac{II}{3}$, then north-east by north about 6 yards to stone $\frac{II}{4}$; west by north about 311 yards to stone $\frac{II}{5}$ on the bank of a small stream; thence north by east about 60 yards along the east bank of the stream to stone $\frac{II}{6}$, thence west 21 yards to stone $\frac{II}{7}$ and in the direction west by north 121 yards to stone $\frac{II}{8}$, thence north north-east 153 yards to stone $\frac{II}{9}$, west by north 49 yards to stone $\frac{II}{10}$, south south-west 63 yards to stone $\frac{II}{11}$, south by west 100 yards to stone $\frac{II}{12}$, south by east 55 yards to stone $\frac{II}{13}$, thence in a slightly curved line south south-west 181 yards to stone $\frac{II}{14}$, south-east 70 yards to stone $\frac{II}{15}$, which is situated at a point $56\frac{2}{3}$ yards north north-east of boundary stone III, thence 46 yards east south-east to stone $\frac{II}{16}$, thence north north-east 119 yards to stone $\frac{II}{17}$, thence south-east by east 91 yards to stone $\frac{II}{18}$, 143 yards further to stone $\frac{II}{19}$, and east by south 150 yards to stone $\frac{II}{20}$, thence south 30 yards to stone $\frac{II}{21}$, and east south-east about 168 yards to stone $\frac{II}{}$

V. At stone No III, the line turns sharply and running south by west for some distance still follows and coincides with the village boundary of Dodkunte, until it meets the hedge of the large village known as "The Tanneries." This point is marked on the ground by boundary stone No. IV, and is lettered B on Revenue Survey Sheet I.

VI. Leaving Station boundary stone IV, the old boundary is followed up to the east of the Tannery road and is marked $\frac{IV}{1}$. From this point the boundary line runs north-east for a distance of 1,375 feet to stone No. $\frac{IV}{2}$ along east of the road. From stone $\frac{IV}{2}$ the boundary line runs 58½ feet north-east by east to stone $\frac{IV}{3}$, and from stone $\frac{IV}{3}$ it runs 79 feet north-west by north to stone $\frac{IV}{4}$ to the north of the Police outpost. From stone $\frac{IV}{4}$, the boundary line goes 73 feet south-west to stone $\frac{IV}{5}$. From stone $\frac{IV}{5}$, the boundary line runs 23 feet south-east by south to stone $\frac{IV}{6}$, completing the circuit of the Police outpost. From stone $\frac{IV}{6}$ the boundary line runs 155 feet south-west by west along west of the road to stone $\frac{IV}{7}$. From stone $\frac{IV}{7}$ the boundary line runs 376 feet south-west along west of the road to stone $\frac{IV}{8}$ meeting the Station boundary at the north-east corner of the "Idga" near the road culvert. After this, the boundary follows the irregular outline of the Masjid immediately north of that village Survey block No. 671 on Revenue Survey Sheet I, until it meets to the west of the Tanneries, the northern boundary line of the Inam village of Byadarahalli. This point is marked on the ground by boundary stone No. V and is lettered C on Revenue Survey Sheet I.

VII. From point C boundary stone No. V, the Station boundary follows the westerly course of the north village boundary of Byadarahalli until the angle formed by the northern and western village boundaries is reached, this angle being marked by boundary stone No. VI.

VIII. From stone No. VI, the Civil and Military Station boundary line follows zig-zag the west boundaries of the Byadarahalli fields until it crosses the Nullah at stone now marked $\frac{VII}{1}$. From stone $\frac{I}{1}$, the boundary line turns to the west for a distance of 218 feet to stone $\frac{VII}{2}$. From stone $\frac{VII}{2}$, the boundary line runs south-west by west for 85 feet to stone $\frac{VII}{3}$. From stone $\frac{VII}{3}$, the boundary line turns south-west by south for 70 feet along the west of the Police outpost to stone $\frac{VII}{4}$. From stone $\frac{VII}{4}$, the boundary line runs east along south of Police outpost to stone $\frac{VII}{5}$. From stone $\frac{VII}{5}$, the boundary line runs north for 20 feet to stone $\frac{VII}{6}$. From stone $\frac{IV}{6}$, the boundary line runs 267 feet east to corner of present boundary line south of St. John's Hill cross road and opposite the S. B. stone VII, to which point the existing S. B. stone No. VII should be removed and refixed. Thence it passes down St. John's Hill cross road just outside the south-western side drain until it reaches the eastern corner of field No. 668, where boundary stone No. VIII is fixed.

IX. Leaving St John's Hill cross road at this point, the Station boundary runs south-west along the north-western boundary of Survey Nos. 667 and 68, and at the south-western corner of the latter No. 68, boundary stone No. IX is fixed.

X. From boundary stone No. IX, the Station boundary runs south-west almost in a striaght line just outside the south-east drain of Miller's Road and the western side of Survey Nos. 474, 473, 464 and 455 till the south-western extremity of No. 455 is reached, where boundary stone No. X is planted.

XI. From boundary stone No. X, the Station boundary meeting the north side of the High Ground runs west along the northern boundary of Survey No. 459 up to the north-western corner of that number and thence it passes south along Avenue Road and the western boundary of Survey Nos. 458, 129, 128, 127 till at the south westren extremity of No. 127 it meets the new boundary stone No. XI on Revenue Survey Sheet No. I.

XII. From new boundary stone No. XI, the line runs east by south along the southern boundary of Survey No. 127 and thence turns to the south alongside the Nullah which is the eastern boundary of Survey No. 126, thence turning north through Survey No. 122 and east through the middle

of Survey No. 1-3, it turns south-east, skirting the Government Press buildings to the southern extremity of Survey No. 40 where new boundary stone No. XII is fixed, adjoining the Pettah Road and to the south-west of the entrance to the Residency Park, which is almost opposite the south-west end of the Public Offices.

XIII. From new boundary stone No. XII, the line takes a northerly direction parallel with the fence of the Residency compound along the Pettah Road up to the stone pillar at which the wire fence of the Cubbon Park begins almost due south of the Post Office, where boundary stone No. XIII is placed.

XIV. The Station boundary line then proceeds along the Cubbon Park wire fence to the angle in the fence immediately opposite His Majesty's Post Office and thence follows the Park fence to St. Mark's Church or West Parade Road, at which point boundary stone No. XIV is fixed. Point G on Revenue Survey Sheet I.

XV. From stone No. XIV, the boundary still keeping to the Cubbon Park fence runs along St. Mark's Road and curving round line of fence at Cubbon Park Police Station marked stone No. $\frac{XIV}{1}$, the boundary line turns almost due west for 139 feet along the north of the Cubbon Park Station to stone $\frac{XIV}{2}$ and from stone $\frac{XIV}{2}$ the boundary line runs south for 97 feet and along west of the Police station to stone No. $\frac{XIV}{3}$. From stone $\frac{XIV}{3}$ the boundary line turns to the east for 41 feet and south of the Police station to stone No. $\frac{XIV}{4}$, where it meets the Sydney Road and runs along front of the Museum to the cross roads, whence the causeway across Sampangi tank takes off. The change of direction which here occurs is marked by boundary stone No. XV, Point I, Revenue Survey Sheet I. From this point the boundary runs along the western edge of the Sampangi causeway until it falls into the Sampangi tank bund, boundary stone No XVI being fixed at this point of intersection, Point J of Revenue Survey Sheet I.

XVI. Leaving boundary stone No. XVI, the line follows the curve of the compound wall of Revenue Survey Office and the roadside walls of Colonel Beresford's house until it reaches the corner of Lal-Bagh Road immediately opposite the gate of Langford House, which point is marked by boundary stone No. XVII, Point K, Revenue Survey Sheet I.

XVII. Passing down Lal-Bagh Road along the compound hedges of the adjoining houses, the line crosses the road near the porch of Sonnaiya & Co.'s flower graden, at which point boundary stone No. XVIII is fixed, Point L, Revenue Survey Sheet I, and runs due south along the edge and ditch bordering the tope and gardens, which here extend from Lal-Bagh Road down to the bed of Sunnakal tank, at the end of this reach a re-entering angle is formed by the boundary, coinciding with the boundaries of the Survey numbers, and the corners are marked on the ground by boundary stones Nos. XIX, XX and XXI.

XVIII. From stone XXI the line runs due east along the northern wetted border of Sunnakal tank, adhering to the garden boundaries as marked on ground by the earthen Survey "Bandhs," in other words, along the southern village boundary of Hakkitimmanhalli. After passing between the south-western corner of the Cantonment cemetery and the northern end of the Sunnakal tank bund, it curves round south for a short distance so as still to follow the field boundaries of Hakkitimmanhalli until it crosses the Anekal District Road not far from where the latter takes off from the High Road to Oossoor.

XIX. From the Anekal road the line continues due east and crossing the Oossoor Road keeps to the boundary between the villages of Hakkitimmanhalli and Koramangal until it falls into the bed of Koramangal tank. The angle near the cemetery and end of Sunnakal tank bund is marked on the ground by boundary stone No. XXII, the points where the Anekal and Oossoor roads are crossed by stones Nos. XXII and XXIV, and the point where the line on falling into Koramangal tank changes direction to the north-east by boundary stone No. XXV.

XX. From stone No. XXV, the boundary runs along the edge of the Koramangal tank to stone No. XXVI on the south side of the Nilasandra road to the south-west of the Commissariat slaughter-house and thence along the south side of that road to stone No. XXVII. which is at the point where that road meets the road running along the west side of the Artillery Practice Ground.

XXI. Thence the Station boundary simply skirts the southern slopes of the Artillery Practice Ground, following the lines of stone posts which demarcate the range, until on its eastern side the point is reached where the boundaries of the villages of Chellagatta and Domlur meet. This is Point O on Revenue Survey Sheet 2, and is marked on ground by boundary stone No. XXX, the southern angles of the Practice Ground being shown by boundary stones Nos. XXVIII and XXIX.

XXII. From point O, boundary stone No. XXX, the Station boundary line bears away north-east above the bed of Chellagatta tank, and then, at a point marked by boundary stone No. XXXI near the Vartur District road it turns north and follows from "Bandh" to "Bandh" the eastern field boundaries of Domlur and Dukanhalli villages. At the north-eastern angle of the village boundaries of Dukanhalli, marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanhalli northern boundary, and then leaving the hamlet of Abbareddipalyam on the left, runs into the village boundary of Binnamangal at point marked by boundary stone No. XXXIII.

XXIII. The southern and eastern village boundaries of Binnamangal are then followed until the line after passing close by the village tank falls into the Hoskote high road nearly opposite to Army Signalling Station No. 5, at which point boundary stone No. XXXIV is fixed.

XXIV. From stone XXXIV the Station line runs up the Hoskote road for a short distance to the Survey "Bandh" at side of road, from which mark it again runs due north across the fields, until the north-eastern angle of the village boundaries of Binnamangal is reached where boundary stone No. XXXV is fixed.

XXV. Thence the Station boundary bears west down the trough of the valley, crosses the low ground immediately above Binnamangal Tank and runs up the slope to the Sapper Parade Ground on edge of which boundary stone No. XXXVI is placed, Point P on Revenue Survey Sheet No. 2. Running then north along the Sapper Parade Ground to the corner marked on the ground by boundary stone No. XXXVII, it turns again west along the Parade Ground until it reaches the Dodkunte south-eastern limits. This point is marked on ground by boundary stone No. XXXVIII.

XXVI. The Station line then follows the village boundary north along the walls of St. John's Hill Christian Cemeteries, Survey blocks 677 and 676 up to the point where it is intersected by the Madras Railway, outside the northern fence of which boundary stone No. XXXIX is fixed.

XXVII. From this last point the Station line follows the eastern village boundary of Dodkunte until it closes on the starting point boundary stone No. I.

XXVIII. From the above description it will be seen that the Bangalore Civil and Military Station includes within its limits the villages of Dodkunte, Byadarhalli, part of Upparhalli, part of Sampangihalli, Hakkitimmanahalli, Nilasandra, Sonnenhalli, Domlur, Dukanhalli, and Binnamangal, within which lie the villages of Bilkihalli, Shule, Kupsandra, Alsur and the various bazaars, barracks, parade ground, Station cemeteries, etc.

XXIX. The stones which mark the limits and are enumerated above are square in section and stand 2 feet from the ground, the top being chiselled off to a wedge as per marginal sketch, on the face of which are countersunk the number in Roman characters and the letters "S. B." (Station Boundary).

9. A schedule giving the boundaries of the Civil and Military Station of Bangalore as now revised, is appended.

DESCRIPTION OF THE BOUNDARIES OF THE CIVIL AND MILITARY STATION OF BANGALORE.

I. The boundary line of the Civil and Military Station of Bangalore will be assumed, for purpose of description, to start from the angle formed by the northern and eastern Revenue Survey boundary lines of the kayamgutta village lands of Dodkunte. This point, marked on the ground by boundary stone No. I, and lettered R on Revenue Survey Sheet 2, is the extreme north-eastern angle of the boundary limits now fixed for the Station. It is situated by the side of the Banasavadi road and on the centre of the ridge which divides the catchment basins of Lingarajpura and Narasampalyam tanks.

II. From this starting point the northern Station boundary hugs for some distance the Banasavadi road until it comes to the rocky hill known as "Machilgutte," round the southern base of which it sweeps, then following westward and coinciding with Revenue Survey boundary between the villages Dodkunte and Lingarajpura. It thus runs along the watershed and nearly parallel to the line of railway until it crosses the Kachakalli Road at a point a short distance from and due north of the Native Cemetery of St. John's Hill. This point is marked on the ground by boundary stone No. II, and is lettered A on Revenue Survey Sheets 2 and 1.

III. Thence the Station boundary continues westward along the village boundary line until it reaches the north-western angle of the Dodkunte lands, which point is marked on the ground by boundary stone No. III.

IV. To the north of the boundary described in the above paragraph is an isolated piece of land attached to the Civil and Military Station for the purposes of a Hindu burial ground and a Municipal filth depot comprising an area of 28 acres and 37 guntas and bounded as follows :—From boundary stone $\frac{II}{1}$, which is situated on the west side of the road leading to Hennur and $102\frac{2}{3}$ yards north-east by north of stone II along the side of the same road for about 187 yards in a direction north-east by north, to stone $\frac{II}{2}$; thence west north-west about 61 yards to stone $\frac{II}{3}$, then north-east by north about 6 yards to stone $\frac{II}{4}$; west by north about 311 yards to stone $\frac{II}{5}$ on the bank of a small stream; thence north by east about 60 yards along the east bank of the stream to stone $\frac{II}{6}$, thence west $21\frac{2}{3}$ yards to stone $\frac{II}{7}$ and in the direction west by north 121 yards to stone $\frac{II}{8}$, thence north north-east 153 yards to stone $\frac{II}{9}$, west by north 49 yards to stone $\frac{II}{10}$, south south-west 63 yards to stone $\frac{II}{11}$, south by west 100 yards to stone $\frac{II}{12}$, south by east 55 yards to stone $\frac{II}{13}$, thence in a slightly curved line south south-west 181 yards to stone $\frac{II}{14}$, south-east 70 yards to stone $\frac{II}{15}$, which is situated at a point $56\frac{2}{3}$ yards north north-east of boundary stone III, thence 46 yards east south-east to stone $\frac{II}{16}$, thence north north-east 119 yards to stone $\frac{II}{17}$, thence south-east by east 91 yards to stone $\frac{II}{18}$, 143 yards further to stone $\frac{II}{19}$, and east by south 150 yards to stone $\frac{II}{20}$, thence south 30 yards to stone $\frac{II}{21}$, and east south-east about 165

V. At stone No. III, the line turns sharply and running south by west for some distance still follows and coincides with the village boundary of Dodkunte, until it meets the hedge of the large village known as "The Tanneries." This point is marked on the ground by boundary stone No. IV, and is lettered B on Revenue Survey Sheet I.

VI. Leaving Station boundary stone IV, the old boundary is followed up to the east of the Tannery road and is marked $\frac{IV}{1}$. From this point the boundary line runs north-east for a distance of 1,375 feet to stone No. $\frac{IV}{2}$ along east of the road. From stone $\frac{IV}{2}$ the boundary line runs 58½ feet north-east by east to stone $\frac{IV}{3}$, and from stone $\frac{IV}{3}$ it runs 79 feet north-west by north to stone $\frac{IV}{4}$ to the north of the Police outpost. From stone $\frac{IV}{4}$, the boundary line goes 73 feet south-west to stone $\frac{IV}{5}$. From stone $\frac{IV}{5}$, the boundary line runs 23 feet south-east by south to stone $\frac{IV}{6}$, completing the circuit of the Police outpost. From stone $\frac{IV}{6}$ the boundary line runs 155 feet south-west by west along west of the road to stone $\frac{IV}{7}$. From stone $\frac{IV}{7}$ the boundary line runs 376 feet south-west along west of the road to stone $\frac{IV}{8}$ meeting the Station boundary at the north-east corner of the "Idga" near the road culvert. After this, the boundary follows the irregular outline of the Masjid immediately north of that village Survey block No. 671 on Revenue Survey Sheet I, until it meets to the west of the Tanneries, the northern boundary line of the Inam village of Byadarahalli. This point is marked on the ground by boundary stone No. V and is lettered C on Revenue Survey Sheet I.

VII. From point C boundary stone No. V, the Station boundary follows the westerly course of the north village boundary of Byadarahalli until the angle formed by the northern and western village boundaries is reached, this angle being marked by boundary stone No. VI.

VIII. From stone No. VI, the Civil and Military Station boundary line follows zig-zag the west boundaries of the Byadarahalli fields until it crosses the Nullah at stone now marked $\frac{VII}{1}$. From stone $\frac{1}{VII}$, the boundary line turns to the west for a distance of 218 feet to stone $\frac{VII}{2}$. From stone $\frac{VII}{2}$, the boundary line runs south-west by west for 85 feet to stone $\frac{VII}{3}$. From stone $\frac{VII}{3}$, the boundary line turns south-west by south for 70 feet along the west of the Police outpost to stone $\frac{VII}{4}$. From stone $\frac{VII}{4}$, the boundary line runs east along south of Police outpost to stone $\frac{VII}{5}$. From stone $\frac{VII}{5}$, the boundary line runs north for 20 feet to stone $\frac{VII}{6}$. From stone $\frac{IV}{6}$, the boundary line runs 267 feet east to corner of present boundary line south of St. John's Hill cross road and opposite the S. B. stone VII, to which point the existing S. B. stone No. VII should be removed and refixed. Thence it passes down St. John's Hill cross road just outside the south-western side drain until it reaches the eastern corner of field No. 668, where boundary stone No. VIII is fixed.

IX. Leaving St John's Hill cross road at this point, the Station boundary runs south-west along the north-western boundary of Survey Nos. 667 and 68, and at the south-western corner of the latter No. 68, boundary stone No. IX is fixed.

X. From boundary stone No. IX, the Station boundary runs south-west almost in a straight line just outside the south-east drain of Miller's Road and the western side of Survey Nos. 474, 473, 464 and 455 till the south-western extremity of No. 455 is reached, where boundary stone No. X is planted.

XI. From boundary stone No. X, the Station boundary meeting the north side of the High Ground runs west along the northern boundary of Survey No. 459 up to the north-western corner of that number and thence it passes south along Avenue Road and the western boundary of Survey Nos. 458, 129, 128, 127 till at the south-western extremity of No. 127 it meets the new boundary stone No. XI on Revenue Survey Sheet No. I.

XII. From new boundary stone No. XI, the line runs east by south along the southern boundary of Survey No. 127 and thence turns to the south alongside the Nullah which is the eastern boundary of Survey No. 126, thence turning north through Survey No. 122 and east through the middle

of Survey No. 123, it turns south-east, skirting the Government Press buildings to the southern extremity of Survey No. 40 where new boundary stone No. XII is fixed, adjoining the Pettah Road and to the south-west of the entrance to the Residency Park, which is almost opposite the south-west end of the Public Offices.

XIII. From new boundary stone No. XII, the line takes a northerly direction parallel with the fence of the Residency compound along the Pettah Road up to the stone pillar at which the wire fence of the Cubbon Park begins almost due south of the Post Office, where boundary stone No. XIII is placed.

XIV. The Station boundary line then proceeds along the Cubbon Park wire fence to the angle in the fence immediately opposite His Majesty's Post Office and thence follows the Park fence to St. Mark's Church or West Parade Road, at which point boundary stone No. XIV is fixed. Point G on Revenue Survey Sheet I.

XV. From stone No. XIV, the boundary still keeping to the Cubbon Park fence runs along St. Mark's Road and curving round line of fence at Cubbon Park Police Station marked stone No. $\frac{XIV}{1}$, the boundary line turns almost due west for 139 feet along the north of the Cubbon Park Station to stone $\frac{XIV}{2}$ and from stone $\frac{XIV}{2}$ the boundary line runs south for 97 feet and along west of the Police station to stone No. $\frac{XIV}{3}$. From stone $\frac{XIV}{3}$ the boundary line turns to the east for 41 feet and south of the Police Station to stone No. $\frac{XIV}{4}$, where it meets the Sydney Road and runs along front of the Museum to the cross roads, whence the causeway across Sampangi tank takes off. The change of direction which here occurs is marked by boundary stone No. XV, Point I, Revenue Survey Sheet I. From this point the boundary runs along the western edge of the Sampangi causeway until it falls into the Sampangi tank bund, boundary stone No. XVI being fixed at this point of intersection, Point J of Revenue Survey Sheet I.

XVI. Leaving boundary stone No. XVI, the line follows the curve of the compound wall of Revenue Survey Office and the roadside walls of Colonel Beresford's house until it reaches the corner of Lal-Bagh Road immediately opposite the gate of Langford House, which point is marked by boundary stone No. XVII, Point K, Revenue Survey Sheet I.

XVII. Passing down Lal-Bagh Road along the compound hedges of the adjoining houses, the line crosses the road near the porch of Sonnaiya & Co.'s flower garden, at which point boundary stone No. XVIII is fixed, Point L, Revenue Survey Sheet I, and runs due south along the edge and ditch bordering the tope and gardens, which here extend from Lal-Bagh Road down to the bed of Sunnakal tank, at the end of this reach a re-entering angle is formed by the boundary, coinciding with the boundaries of the Survey numbers, and the corners are marked on the ground by boundary stones Nos. XIX, XX and XXI.

XVIII. From stone XXI the line runs due east along the northern wetted border of Sunnakal tank, adhering to the garden boundaries as marked on ground by the earthen Survey "Bandhs," in other words, along the southern village boundary of Hakkitimmanhalli. After passing between the south-western corner of the Cantonment cemetery and the northern end of the Sunnakal tank bund, it curves round south for a short distance so as still to follow the field boundaries of Hakkitimmanhalli until it crosses the Anekal District Road not far from where the latter takes off from the High Road to Oossoor.

XIX. From the Anekal road the line continues due east and crossing the Oossoor Road keeps to the boundary between the villages of Hakkitimmanhalli and Koramangal until it falls into the bed of Koramangal tank. The angle near the cemetery and end of Sunnakal tank bund is marked on the ground by boundary stone No. XXII, the points where the Anekal and Oossoor roads are crossed by stones Nos. XXII and XXIV, and the point where the line on falling into Koramangal tank changes direction to the north-east by boundary stone No. XXV.

XX. From stone No. XXV, the boundary runs along the edge of the Koramangal tank to stone No. XXVI on the south side of the Nilasandra road to the south-west of the Commissariat slaughter-house and thence along the south side of that road to stone No. XXVII. which is at the point where that road meets the road running along the west side of the Artillery Practice Ground.

XXI. Thence the Station boundary simply skirts the southern slopes of the Artillery Practice Ground, following the lines of stone posts which demarcate the range, until on its eastern side the point is reached where the boundaries of the villages of Chellagatta and Domlur meet. This is Point O on Revenue Survey Sheet 2, and is marked on ground by boundary stone No. XXX, the southern angles of the Practice Ground being shown by boundary stones Nos. XXVIII and XXIX.

XXII. From point O, boundary stone No. XXX, the Station boundary line bears away north-east above the bed of Chellagatta tank, and then, at a point marked by boundary stone No. XXXI near the Vartur District road it turns north and follows from "Bandh" to "Bandh" the eastern field boundaries of Domlur and Dukanhalli villages. At the north-eastern angle of the village boundaries of Dukanhalli, marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanhalli northern boundary, and then leaving the hamlet of Abbareddipalyam on the left, runs into the village boundary of Binnamangal at point marked by boundary stone No. XXXIII.

XXIII. The southern and eastern village boundaries of Binnamangal are then followed until the line after passing close by the village tank falls into the Hoskote high road nearly opposite to Army Signalling Station No. 5, at which point boundary stone No. XXXIV is fixed.

XXIV. From stone XXXIV the Station line runs up the Hoskote road for a short distance to the Survey "Bandh" at side of road, from which mark it again runs due north across the fields, until the north-eastern angle of the village boundaries of Binnamangal is reached where boundary stone No. XXXV is fixed.

XXV. Thence the Station boundary bears west down the trough of the valley, crosses the low ground immediately above Binnamangal Tank and runs up the slope to the Sapper Parade Ground on edge of which boundary stone No. XXXVI is placed, Point P on Revenue Survey Sheet No. 2. Running then north along the Sapper Parade Ground to the corner marked on the ground by boundary stone No. XXXVII, it turns again west along the Parade Ground until it reaches the Dodkunte south-eastern limits. This point is marked on ground by boundary stone No. XXXVIII.

XXVI. The Station line then follows the village boundary north along the walls of St. John's Hill Christian Cemeteries, Survey blocks 677 and 676 up to the point where it is intersected by the Madras Railway, outside the northern fence of which boundary stone No. XXXIX is fixed.

XXVII. From this last point the Station line follows the eastern village boundary of Dodkunte until it closes on the starting point boundary stone No. I.

XXVIII. From the above description it will be seen that the Bangalore Civil and Military Station includes within its limits the villages of Dodkunte, Byadarahalli, part of Upparhalli, part of Sampangihalli, Hakkitimmanahalli, Nilasandra, Sonnenhalli, Domlur, Dukanhalli, and Binnamangal, within which lie the villages of Bilkihalli, Shule, Kupsandra, Alsur and the various bazaars, barracks, parade ground, Station cemeteries, etc.

XXIX. The stones which mark the limits and are enumerated above are square in section and stand 2 feet from the ground, the top being chiselled off to a wedge as per marginal sketch, on the face of which are countersunk the number in Roman characters and the letters "S. B." (Station Boundary).

I have the honor to be,
Sir,
Your most obedient Servant,
(Sd). MACFARLANE,
Honorary Secretary, Asiatic Society of Bengal.

Copy forwarded to the Government of India (Home Department), for information as required in Home Department (Books) No. 188, dated 8th February 1901.

From—The Director, International Scientific Catalogue, London.

To—The Honorary Secretary to the Regional Bureau of India and Ceylon.

With the issue of the first volumes of the Catalogue the Executive Committee appeal to the subscribing bodies for an early contribution of their subscriptions. The subscriptions already promised amount to about 366 sets at £17 per set, or £6,222 per annum. This sum will be sufficient to pay the annual cost of production, but it is evident that if the payment of subscriptions is delayed until the first 17 volumes are all actually delivered to subscribing bodies a very considerable sum will have to be borrowed. A sum of £3,500 has already been advanced by the Royal Society and, as stated to the International Council in December 1900, the Society is willing to advance, if required, a further sum of £1,000. But this sum would not be sufficient to pay the expenses which must be met before the last of the first set of 17 volumes is published. The Governments of Denmark and Russia, recognising this fact, have already paid the whole of their subscriptions for the first annual issue, and it would greatly facilitate the work of production if other subscribing bodies would follow this example. In those cases where it is found impossible to pay the entire subscription before all the volumes have been delivered, the Committee earnestly hope that it may be possible to pay a proportion of the subscription corresponding to the number of volumes received.

It is intended to complete the first annual issue by the end of 1902, and a circular showing the prices of the several volumes to the public is enclosed herewith. These prices add up to £[illegible] for the set. The price at which the volumes are supplied to subscribing bodies is £17 per set, so that the prices at which the several volumes are supplied to subscribing bodies will be seventeen-eighteenths of the printed prices.

At the north-eastern angle of the village boundaries of Dukanahalli marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanahalli northern boundary, and then leaving the hamlet of Appireddipaliem on the left, runs into the village boundary of Binnamangala at point marked by boundary stone No. XXXIII."

9. A schedule giving the boundaries of the Civil and Military Station of Bangalore as now revised, is appended.

DESCRIPTION OF THE BOUNDARIES OF THE CIVIL AND MILITARY STATION OF BANGALORE.

I. The boundary line of the Civil and Military Station of Bangalore will be assumed, for purpose of description, to start from the angle formed by the northern and eastern Revenue Survey boundary lines of the kayamgutta village lands of Dodkunte. This point, marked on the ground by boundary stone No. I, and lettered R on Revenue Survey Sheet 2, is the extreme north-eastern angle of the boundary limits now fixed for the Station. It is situated by the side of the Banasavadi road and on the centre of the ridge which divides the catchment basins of Lingarajpura and Narasampalyam tanks.

II. From this starting point the northern Station boundary hugs for some distance the Banasavadi road until it comes to the rocky hill known as "Machilgutte," round the southern base of which it sweeps, then following westward and coinciding with Revenue Survey boundary between the villages Dodkunte and Lingarajpura. It thus runs along the watershed and nearly parallel to the line of railway until it crosses the Kachakalli Road at a point a short distance from and due north of the Native Cemetery of St. John's Hill. This point is marked on the ground by boundary stone No. II, and is lettered A on Revenue Survey Sheets 2 and 1.

III. Thence the Station boundary continues westward along the village boundary line until it reaches the north-western angle of the Dodkunte lands, which point is marked on the ground by boundary stone No. III.

IV. To the north of the boundary described in the above paragraph is an isolated piece of land attached to the Civil and Military Station for the purposes of a Hindu burial ground and a Municipal filth depot comprising an area of 28 acres and 37 guntas and bounded as follows :—From boundary stone $\frac{II}{1}$, which is situated on the west side of the road leading to Hennur and 102⅔ yards north-east by north of stone II along the side of the same road for about 187 yards in a direction north-east by north, to stone $\frac{II}{2}$; thence west north-west about 61 yards to stone $\frac{II}{3}$, then north-east by north about 6 yards to stone $\frac{II}{4}$; west by north about 311 yards to stone $\frac{II}{5}$ on the bank of a small stream; thence north by east about 60 yards along the east bank of the stream to stone $\frac{II}{6}$, thence west 21 yards to stone $\frac{II}{7}$ and in the direction west by north 121 yards to stone $\frac{II}{8}$, thence north north-east 153 yards to stone $\frac{II}{9}$, west by north 49 yards to stone $\frac{II}{10}$, south south-west 63 yards to stone $\frac{II}{11}$, south by west 100 yards to stone $\frac{II}{12}$, south by east 55 yards to stone $\frac{II}{13}$, thence in a slightly curved line south south-west 181 yards to stone $\frac{II}{14}$, south-east 70 yards to stone $\frac{II}{15}$, which is situated at a point 56⅔ yards north north-east of boundary stone III, thence 46 yards east south-east to stone $\frac{II}{16}$, thence north north-east 119 yards to stone $\frac{II}{17}$, thence south-east by east 91 yards to stone $\frac{II}{18}$, 143 yards further to stone $\frac{II}{19}$, and east by south 150 yards to stone $\frac{II}{20}$, thence south 30 yards to stone $\frac{II}{21}$, and east south-east about 168 yards to stone $\frac{II}{}$

V. At stone No. III, the line turns sharply and running south by west for some distance still follows and coincides with the village boundary of Dodkunte, until it meets the hedge of the large village known as "The Tanneries." This point is marked on the ground by boundary stone No. IV, and is lettered B on Revenue Survey Sheet I.

VI. Leaving Station boundary stone IV, the old boundary is followed up to the east of the Tannery road and is marked $\frac{IV}{1}$. From this point the boundary line runs north-east for a distance of 1,375 feet to stone No. $\frac{IV}{2}$ along east of the road. From stone $\frac{IV}{2}$ the boundary line runs 58½ feet north-east by east to stone $\frac{IV}{3}$, and from stone $\frac{IV}{3}$ it runs 79 feet north-west by north to stone $\frac{IV}{4}$ to the north of the Police outpost. From stone $\frac{IV}{4}$, the boundary line goes 73 feet south-west to stone $\frac{IV}{5}$. From stone $\frac{IV}{5}$, the boundary line runs 23 feet south-east by south to stone $\frac{IV}{6}$, completing the circuit of the Police outpost. From stone $\frac{IV}{6}$ the boundary line runs 155 feet south-west by west along west of the road to stone $\frac{IV}{7}$. From stone $\frac{IV}{7}$ the boundary line runs 376 feet south-west along west of the road to stone $\frac{IV}{8}$ meeting the Station boundary at the north-east corner of the "Idga" near the road culvert. After this, the boundary follows the irregular outline of the Masjid immediately north of that village Survey block No. 671 on Revenue Survey Sheet I, until it meets to the west of the Tanneries, the northern boundary line of the Inam village of Byadarahalli. This point is marked on the ground by boundary stone No. V and is lettered C on Revenue Survey Sheet I.

VII. From point C boundary stone No. V, the Station boundary follows the westerly course of the north village boundary of Byadarahalli until the angle formed by the northern and western village boundaries is reached, this angle being marked by boundary stone No. VI.

VIII. From stone No. VI, the Civil and Military Station boundary line follows zig-zag the west boundaries of the Byadarahalli fields until it crosses the Nullah at stone now marked $\frac{VII}{1}$. From stone $\frac{1}{2}$, the boundary line turns to the west for a distance of 218 feet to stone $\frac{VII}{2}$. From stone $\frac{VII}{2}$, the boundary line runs south-west by west for 85 feet to stone $\frac{VII}{3}$. From stone $\frac{VII}{3}$, the boundary line turns south-west by south for 70 feet along the west of the Police outpost to stone $\frac{VII}{4}$. From stone $\frac{VII}{4}$, the boundary line runs east along south of Police outpost to stone $\frac{VII}{5}$. From stone $\frac{VII}{5}$, the boundary line runs north for 20 feet to stone $\frac{VII}{6}$. From stone $\frac{IV}{6}$, the boundary line runs 267 feet east to corner of present boundary line south of St. John's Hill cross road and opposite the S. B. stone VII, to which point the existing S. B. stone No. VII should be removed and refixed. Thence it passes down St. John's Hill cross road just outside the south-western side drain until it reaches the eastern corner of field No. 668, where boundary stone No. VIII is fixed.

IX. Leaving St. John's Hill cross road at this point, the Station boundary runs south-west along the north-western boundary of Survey Nos. 667 and 68, and at the south-western corner of the latter No. 68, boundary stone No. IX is fixed.

X. From boundary stone No. IX, the Station boundary runs south-west almost in a straight line just outside the south-east drain of Miller's Road and the western side of Survey Nos. 474, 473, 464 and 455 till the south-western extremity of No. 455 is reached, where boundary stone No. X is planted.

XI. From boundary stone No. X, the Station boundary meeting the north side of the High Ground runs west along the northern boundary of Survey No. 459 up to the north-western corner of that number and thence it passes south along Avenue Road and the western boundary of Survey Nos. 458, 129, 128, 127 till at the south-western extremity of No. 127 it meets the new boundary stone No. XI on Revenue Survey Sheet No. I.

XII. From new boundary stone No. XI, the line runs east by south along the southern boundary of Survey No. 127 and thence turns to the south alongside the Nullah which is the eastern boundary of Survey No. 126, thence turning north through Survey No. 122 and east through the middle

of Survey No 123, it turns south-east, skirting the Government Press buildings to the southern extremity of Survey No. 40 where new boundary stone No. XII is fixed, adjoining the Pettah Road and to the south-west of the entrance to the Residency Park, which is almost opposite the south-west end of the Public Offices.

XIII. From new boundary stone No. XII, the line takes a northerly direction parallel with the fence of the Residency compound along the Pettah Road up to the stone pillar at which the wire fence of the Cubbon Park begins almost due south of the Post Office, where boundary stone No. XIII is placed.

XIV. The Station boundary line then proceeds along the Cubbon Park wire fence to the angle in the fence immediately opposite His Majesty's Post Office and thence follows the Park fence to St. Mark's Church or West Parade Road, at which point boundary stone No. XIV is fixed. Point G on Revenue Survey Sheet I.

XV. From stone No. XIV, the boundary still keeping to the Cubbon Park fence runs along St. Mark's Road and curving round line of fence at Cubbon Park Police Station marked stone No. $\frac{XIV}{1}$, the boundary line turns almost due west for 139 feet along the north of the Cubbon Park Station to stone $\frac{XIV}{2}$ and from stone $\frac{XIV}{2}$ the boundary line runs south for 97 feet and along west of the Police station to stone No. $\frac{XIV}{3}$. From stone $\frac{XIV}{3}$ the boundary line turns to the east for 41 feet and south of the Police Station to stone No. $\frac{XIV}{4}$, where it meets the Sydney Road and runs along front of the Museum to the cross roads, whence the causeway across Sampangi tank takes off. The change of direction which here occurs is marked by boundary stone No. XV, Point I, Revenue Survey Sheet I. From this point the boundary runs along the western edge of the Sampangi causeway until it falls into the Sampangi tank bund, boundary stone No. XVI being fixed at this point of intersection, Point J of Revenue Survey Sheet I.

XVI. Leaving boundary stone No. XVI, the line follows the curve of the compound wall of Revenue Survey Office and the roadside walls of Colonel Beresford's house until it reaches the corner of Lal-Bagh Road immediately opposite the gate of Langford House, which point is marked by boundary stone No. XVII, Point K, Revenue Survey Sheet I.

XVII. Passing down Lal-Bagh Road along the compound hedges of the adjoining houses, the line crosses the road near the porch of Sonnaiya & Co.'s flower garden, at which point boundary stone No. XVIII is fixed, Point L, Revenue Survey Sheet I, and runs due south along the edge and ditch bordering the tope and gardens, which here extend from Lal-Bagh Road down to the bed of Sunnakal tank, at the end of this reach a re-entering angle is formed by the boundary, coinciding with the boundaries of the Survey numbers, and the corners are marked on the ground by boundary stones Nos. XIX, XX and XXI.

XVIII. From stone XXI the line runs due east along the northern wetted border of Sunnakal tank, adhering to the garden boundaries as marked on ground by the earthen Survey "Bandhs," in other words, along the southern village boundary of Hakkitimmanhalli. After passing between the south-western corner of the Cantonment cemetery and the northern end of the Sunnakal tank bund, it curves round south for a short distance so as still to follow the field boundaries of Hakkitimmanhalli until it crosses the Anekal District Road not far from where the latter takes off from the High Road to Oossoor.

XIX. From the Anekal road the line continues due east and crossing the Oossoor Road keeps to the boundary between the villages of Hakkitimmanhalli and Koramangal until it falls into the bed of Koramangal tank. The angle near the cemetery and end of Sunnakal tank bund is marked on the ground by boundary stone No. XXII, the points where the Anekal and Oossoor roads are crossed by stones Nos. XXII and XXIV, and the point where the line on falling into Koramangal tank changes direction to the north-east by boundary stone No. XXV.

XX. From stone No. XXV, the boundary runs along the edge of the Koramangal tank to stone No. XXVI on the south side of the Nilasandra road to the south-west of the Commissariat slaughter-house and thence along the south side of that road to stone No. XXVII. which is at the point where that road meets the road running along the west side of the Artillery Practice Ground.

XXI. Thence the Station boundary simply skirts the southern slopes of the Artillery Practice Ground, following the lines of stone posts which demarcate the range, until on its eastern side the point is reached where the boundaries of the villages of Chellagatta and Domlur meet. This is Point O on Revenue Survey Sheet 2, and is marked on ground by boundary stone No. XXX, the southern angles of the Practice Ground being shown by boundary stones Nos. XXVIII and XXIX.

XXII. From point O, boundary stone No. XXX, the Station boundary line bears away north-east above the bed of Chellagatta tank, and then, at a point marked by boundary stone No. XXXI near the Vartur District road it turns north and follows from "Bandh" to "Bandh" the eastern field boundaries of Domlur and Dukanhalli villages. At the north-eastern angle of the village boundaries of Dukanhalli, marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanhalli northern boundary, and then leaving the hamlet of Abbareddipalyam on the left, runs into the village boundary of Binnamangal at point marked by boundary stone No. XXXIII.

XXIII. The southern and eastern village boundaries of Binnamangal are then followed until the line after passing close by the village tank falls into the Hoskote high road nearly opposite to Army Signalling Station No. 5, at which point boundary stone No. XXXIV is fixed.

XXIV. From stone XXXIV the Station line runs up the Hoskote road for a short distance to the Survey "Bandh" at side of road, from which mark it again runs due north across the fields, until the north-eastern angle of the village boundaries of Binnamangal is reached where boundary stone No. XXXV is fixed.

XXV. Thence the Station boundary bears west down the trough of the valley, crosses the low ground immediately above Binnamangal Tank and runs up the slope to the Sapper Parade Ground on edge of which boundary stone No. XXXVI is placed, Point P on Revenue Survey Sheet No. 2. Running then north along the Sapper Parade Ground to the corner marked on the ground by boundary stone No. XXXVII, it turns again west along the Parade Ground until it reaches the Dodkunte south-eastern limits. This point is marked on ground by boundary stone No. XXXVIII.

XXVI. The Station line then follows the village boundary north along the walls of St. John's Hill Christian Cemeteries, Survey blocks 677 and 676 up to the point where it is intersected by the Madras Railway, outside the northern fence of which boundary stone No. XXXIX is fixed.

XXVII. From this last point the Station line follows the eastern village boundary of Dodkunte until it closes on the starting point boundary stone No. I.

XXVIII. From the above description it will be seen that the Bangalore Civil and Military Station includes within its limits the villages of Dodkunte, Byadarahalli, part of Upparhalli, part of Sampangihalli, Hakkitimmanahalli, Nilasandra, Sonnenhalli, Domlur, Dukanhalli, and Binnamangal, within which lie the villages of Bilkihalli, Shule, Kupsandra, Alsur and the various bazaars, barracks, parade ground, Station cemeteries, etc.

XXIX. The stones which mark the limits and are enumerated above are square in section and stand 2 feet from the ground, the top being chiselled off to a wedge as per marginal sketch, on the face of which are countersunk the number in Roman characters and the letters "S. B." (Station Boundary).

IX. The salaries of officiators fixed by the preceding rule form the minimum rate of remuneration ; but an addition to the fixed portion of the officiator's allowance, according to scale, will be made in certain cases specified in the following subsidiary rules.

X. When the total emoluments (as found by Rules I and II) exceed the scale amount (as found by Rules V and VI), such excess up to a limit of Rs. 2 and, if over Rs. 20, at 2 per cent, will be assigned to the officiator as a personal allowance in villages having a gross revenue of less than Rs. 500; up to a limit of Rs. 5 and if over Rs. 50 at 5 per cent in villages having a gross revenue of Rs. 500 but less than Rs. 1,000 ; and up to a limit of Rs. 10 or, if over Rs. 100, up to 10 per cent, in villages having a gross revenue of Rs. 1,000 or more.

XI. In the case of towns, large villages, and villages in the vicinity of Railway stations, camping grounds, large marts and similar localities, the Patels of which are ordinarily called upon to perform heavy miscellaneous duties, an extra allowance not exceeding Rs. 15 per annum will be assigned to the Patel (and where there are two officiating Patels to each Patel) in addition to the salary of the office fixed by the scales in Rule VIII.

XII. The gross revenue of the village, referred to in Rules V and VI, is the whole revenue leviable for any year before deducting any remissions.

XIII. Patels and Shanbhogs shall receive their emoluments by a deduction of the amount of the same from the assessment on their *kandayam* lands, the same being adjusted at each annual Jamabandi and duly shown accordingly in the village accounts, to prevent complications. Where the assessment on their lands is insufficient for this purpose, the balance will be made up by their deducting it from the last instalment of revenue, before paying such instalment into the Taluk Treasury. In this latter event, the receipt of the Patel or Shanbhog for the amount of such balance as so deducted shall be considered equivalent to the payment into the treasury of an equal sum in cash.

XIV. The amount of quit-rent fixed under these rules on the holding of each share-holder is fixed for the term of settlement, but the total emoluments of the officiators will be revised once after ten years, if necessary, and will be modified according to the same scale in proportion to the revenues of the village as then realized.

XV. The assessment of the occupied Government land (plus 10 per cent of the assessment of the unoccupied assessed waste Government land but not thereby exceeding the gross assessment of the Government land of the village) in the year in which the settlement of remuneration of village officers is made, will be taken for the calculation of the remuneration of officiators.

XVI. The existing official emoluments valued as provided for in Rules I and II will be appropriated for the support of the officiator in the manner specified in the following rules, and the balance of emoluments remaining, after providing for the officiator, is to be disposed of for the future in the manner also provided for in these rules.

XVII. The emoluments derived from land as fixed by Rule I shall first be appropriated to provide the salary of the officiator.

XVIII. When the emoluments derived from land are insufficient to provide the salary of the officiators, the cash emoluments from the Government Treasury will next be appropriated to make up the salary of the officiator.

XIX. Any deficiency, after appropriating all the emoluments from land and cash, shall be made good from the Government Treasury.

XX. Any surplus on the existing emoluments in land and cash remaining over, after providing the salary of the officiator, shall be dealt with as follows.

XXI. If the emoluments derived from land alone are more than sufficient to provide the salary of the officiator, the surplus shall be taxed by the imposition of additional *Jodi* equal to one-half the net profits on the above land.

XXII. Any surplus remaining out of the cash emoluments after providing the salary of the officiator shall be at once resumed by Government.

XXIII. When the official land of any office is held in shares, and these shares with the amount of *Jodi* and other cesses now payable on each, are separately recorded in the village accounts, then the additional tax imposed upon the whole official land of the office under this rule is to be apportioned on the several shares in proportion to the sum by which the full survey assessment of the land of each share exceeds the present *Jodi* and other cesses payable on the same, as

shown in the following example, in which the emolument of an officiator amounts to Rs. 30 :—

Names and Shares.	Survey assessment of the land of each share.	Deduct *jodi* cess now paid on each share.	Remaining profit on each share.	Addition to *jodi* in column 3 apportioned on profit in column 4 for payment of officiator.	Unappropriated excess of profits, being difference between columns 4 and 5.	Additional half *jodi* on excess in last column.	Future *jodi* cess on each share being sum of columns 3, 5 and 7.

XXIV. In settling the amount of *jodi* to be paid upon each share, fractions of less amount that $\frac{1}{4}$ rupee are not to be admitted into the accounts in accordance with the rule followed in regard to all Survey assessments.

XXV. Nothing contained in any of the preceding Rules shall be considered as debarring any village hereditary officer from relinquishing his official land when so disposed; and every such officer shall, at any time, whether at or subsequent to the introduction of the settlement prescribed in these Rules, be permitted to relinquish by written *Razinama* any entire field or fields into which official land may have been marked off by the Survey, and on so doing the relinquished field is immediately to be entered in the accounts as Government land, and the total jodi now payable by the hereditary officer is to be reduced by the full amount of the Survey assessment of the relinquished fields.

XXVI. The official land under the settlement prescribed in the foregoing Rule will form no part of the remuneration of the officiator, who is to be paid wholly in cash, and the land will therefore remain in the possession of the sharers who may at present hold it.

XXVII. The charges of Shanbhogs will be re-distributed so as to give each officiator as many villages as he is capable of managing. When more villages than form a sufficient charge are already in the hands of one officiator, he will be required to give up the surplus villages, for which one or more new officiators will be appointed by Government. The new officiator or officiators will be appointed from the family in which the *hak* has been hitherto vested if a competent person can be found.

XXVIII. In all cases of incompetency of the officiator in direct hereditary succession, whether from age, sex, inefficiency, or any other cause, the next-of-kin, if competent, will be appointed; if no competent person of the family can be found, the nomination will rest with Government. Such nomination to hold good in case of a minority till the end of the year in which the minor shall attain full age (18 years); in other cases for 3 years, when the nomination will revert to the hereditary family if a competent person can be found therein.

XXIX. Any conviction of malversation in performance of official duties shall render the person convicted incompetent to officiate again, and shall deprive him, in cases of selection being vested in the members of the family, of any right to take part in such selection. It shall also be in the power of the District officer to exclude the son of a person so convicted from any of the rights or privileges of the office so far as succession or election to the performance of the duties.

XXX. The District officer will be the sole judge of the competency or otherwise of the person on whom devolves the performance of the duties of an office.

XXXI. In arranging charges, except in the case of single villages, as a rule no one officiator shall hold charge of villages with a collection of more than about Rs. 2,500, and when five or more villages are combined in one charge, no one officiator shall, as a rule, hold more villages than give a revenue of about Rs. 1,600.

XXXII. In small villages where only one office, either Patel or Shanbhog at present exists, or where both offices are vested in one person, he shall receive the full salary shown by the Shanbhog's scale, and 50 per cent of the Patel's salary according to scale, so long as he continues to perform the duties of both offices.

XXXIII. In large villages where there is no Patel or where both offices have been vested in the same person, a Patel will be appointed by Government, or the one family holding both offices may be called upon to nominate a separate officiator for each office as may seem fit to Government.

XXXIV. Property, movable or immovable, assigned as remuneration of an officiator under these Rules, shall not be alienated or assigned to any person whatever without the sanction of Government nor shall it be liable to process of any Civil Court.

Note.—The word "property" includes both Service lands and Cash remuneration.

XXXV. The remuneration of the officiating Patels and Shanbhogs shall be fixed on the scale for each, and the sum payable to each officiator shall be his exclusive perquisite, on which no other member of the family shall have any claim.

At the north-eastern angle of the village boundaries of Dukanahalli marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanahalli northern boundary, and then leaving the hamlet of Appireddipaliem on the left, runs into the village boundary of Binnamangala at point marked by boundary stone No. XXXIII."

9. A schedule giving the boundaries of the Civil and Military Station of Bangalore as now revised, is appended.

DESCRIPTION OF THE BOUNDARIES OF THE CIVIL AND MILITARY STATION OF BANGALORE.

I. The boundary line of the Civil and Military Station of Bangalore will be assumed, for purpose of description, to start from the angle formed by the northern and eastern Revenue Survey boundary lines of the kayamgutta village lands of Dodkunte. This point, marked on the ground by boundary stone No. I, and lettered R on Revenue Survey Sheet 2, is the extreme north-eastern angle of the boundary limits now fixed for the Station. It is situated by the side of the Banasavadi road and on the centre of the ridge which divides the catchment basins of Lingarajpura and Narasampalyam tanks.

II. From this starting point the northern Station boundary hugs, for some distance, the Banasavadi road until it comes to the rocky hill known as "Machilgutte," round the southern base of which it sweeps, then following westward and coinciding with Revenue Survey boundary between the villages Dodkunte and Lingarajpura. It thus runs along the watershed and nearly parallel to the line of railway until it crosses the Kachakalli road at a point a short distance from, and due north of, the Native Cemetery of St. John's Hill. This point is marked on the ground by boundary stone No. II, and is lettered A on Revenue Survey Sheets 2 and 1.

III. Thence the Station boundary continues westward along the village boundary line until it reaches the north-western angle of the Dodkunte lands, which point is marked on the ground by boundary stone No. III.

IV. To the north of the boundary described in the above paragraph is an isolated piece of land attached to the Civil and Military Station for the purposes of a Hindu burial ground and a Municipal filth depôt comprising an area of 28 acres and 37 guntas and bounded as follows:—From boundary stone $\frac{II}{1}$, which is situated on the west side of the road leading to Hennur and $102\frac{2}{3}$ yards north-east by north of stone II along the side of the same road for about 187 yards in a direction north-east by north, to stone $\frac{II}{2}$; thence west north-west about 61 yards to stone $\frac{II}{3}$, then north-east by north about 6 yards to stone $\frac{II}{4}$; west by north about 311 yards to stone $\frac{II}{5}$ on the bank of a small stream; thence north by east about 60 yards along the east bank of the stream to stone $\frac{II}{6}$, thence west 212 yards to stone $\frac{II}{7}$ and in the direction west by north 121 yards to stone $\frac{II}{8}$, thence north north-east 153 yards to stone $\frac{II}{9}$, west by north 49 yards to stone $\frac{II}{10}$, south south-west 63 yards to stone $\frac{II}{11}$, south by west

100 yards to stone $\frac{II}{12}$, south by east 55 yards to stone $\frac{II}{13}$, thence in a slightly curved line south south-west 181 yards to stone $\frac{II}{14}$, south-east 70 yards to stone $\frac{II}{15}$, which is situated at a point 56⅔ yards north north-east of boundary stone III, thence 46 yards east south-east to stone $\frac{II}{16}$, thence north north-east 119 yards to stone $\frac{II}{17}$, thence south-east by east 91 yards to stone $\frac{II}{18}$, 143 yards further to stone $\frac{II}{19}$, and east by south 150 yards to stone $\frac{II}{20}$, thence south 30 yards to stone $\frac{II}{21}$, and east south-east about 168 yards to stone $\frac{II}{1}$.

V. At stone No. III, the line turns sharply and running south by west for some distance still follows and coincides with the village boundary of Dodkunte, until it meets the hedge of the large village known as "The Tanneries." This point is marked on the ground by boundary stone No. IV, and is lettered B on Revenue Survey Sheet I.

VI. Leaving Station boundary stone IV, the old boundary is followed up to the east of the Tannery road and is marked $\frac{IV}{1}$. From this point the boundary line runs north-east for a distance of 1,375 feet to stone No. $\frac{IV}{2}$ along east of the road. From stone $\frac{IV}{2}$ the boundary lines runs 58½ feet north-east by east to stone $\frac{IV}{3}$, and from stone $\frac{IV}{3}$ it runs 79 feet north-west by north to stone $\frac{IV}{4}$, to the north of the Police outpost. From stone $\frac{IV}{4}$, the boundary line goes 73 feet south-west to stone $\frac{IV}{5}$. From stone $\frac{IV}{5}$, the boundary line runs 23 feet south-east by south to stone $\frac{IV}{6}$, completing the circuit of the Police outpost. From stone $\frac{IV}{6}$ the boundary line runs 155 feet south-west by west along west of the road to stone $\frac{IV}{7}$. From stone $\frac{IV}{7}$ the boundary line runs 376 feet south-west along west of the road to stone $\frac{IV}{8}$ meeting the Station boundary at the north-east corner of the "Idga" near the road culvert. After this, the boundary follows the irregular outline of the Masjid immediately north of that village Survey block No. 671 on Revenue Survey Sheet I, until it meets to the west of the Tanneries, the northern boundary line of the Inam village of Byadarahalli. This point is marked on the ground by boundary stone No. V and is lettered C on Revenue Survey Sheet I.

VII. From point C boundary stone No. V, the Station boundary follows the westerly course of the north village boundary of Byadarahalli until the angle formed by the northern and western village boundaries is reached, this angle being marked by boundary stone No. VI.

VIII. From stone No. VI, the Civil and Military Station boundary line follows in zig-zag the west boundaries of the Byadarahalli fields until it crosses the Nullah at stone now marked $\frac{VII}{1}$. From stone $\frac{VII}{1}$, the boundary line turns to the west for a distance of 218 feet to stone $\frac{VII}{2}$. From

stone $\frac{VII}{2}$, the boundary line runs south-west by west for 85 feet to stone $\frac{VII}{3}$. From stone $\frac{VII}{3}$, the boundary line turns south-west by south for 70 feet along the west of the Police outpost to stone $\frac{VII}{4}$. From stone $\frac{VII}{4}$, the boundary line runs east along south of Police outpost to stone $\frac{VII}{5}$. From stone $\frac{VII}{5}$, the boundary line runs north for 20 feet to stone $\frac{VII}{6}$. From stone $\frac{VII}{6}$, the boundary line runs 267 feet east to corner of present boundary line south of St. John's Hill cross road and opposite the S. B. stone VII, to which point the existing S. B. stone No. VII should be removed and refixed. Thence it passes down St. John's Hill cross road just outside the south-western side drain until it reaches the eastern corner of field No. 668, where boundary stone No. VIII is fixed.

IX. Leaving St. John's Hill cross road at this point, the Station boundary runs south-west along the north-western boundary of Survey Nos. 667 and 68, and at the south-western corner of the latter No. 68, boundary stone No. IX is fixed.

X. From boundary stone No. IX, the Station boundary runs south-west almost in a straight line just outside the south-east drain of Miller's road and the western side of Survey Nos. 474, 473, 464 and 455 till the south-western extremity of No. 455 is reached, where boundary stone No. X is planted.

XI. From boundary stone No. X, the Station boundary meeting the north side of the High Ground runs west along the northern boundary of Survey No. 459 up to the north-western corner of that number and thence it passes south along Avenue Road and the western boundary of Survey Nos. 458, 129, 128, 127 till at the south western extremity of No. 127 it meets the new boundary stone No. XI on Revenue Survey Sheet No I.

XII. From new boundary stone No. XI, the line runs east by south along the southern boundary of Survey No. 127 and thence turns to the south alongside the Nullah which is the eastern boundary of Survey No. 126, thence turning north through Survey No. 122 and east through the middle of Survey No. 124, it turns south-east, skirting the Government Press buildings to the southern extremity of Survey No. 40 where new boundary stone No. XII is fixed, adjoining the Pettah Road and to the south west of the entrance to the Residency Park, which is almost opposite the south-west end of the Public Offices.

XIII. From new boundary stone No. XII, the line takes a northerly direction parallel with the fence of the Residency compound along the Pettah Road up to the stone pillar at which the wire fence of the Cubbon Park begins almost due south of the Post Office, where boundary stone No. XIII is placed.

XIV. The Station boundary line then proceeds along the Cubbon Park wire fence to the angle in the fence immediately opposite His Majesty's Post Office and thence follows the Park fence to St. Mark's Church or West

Parade Road, at which point boundary stone No. XIV is fixed. Point G on Revenue Survey Sheet I.

XV. From stone No. XIV, the boundary still keeping to the Cubbon Park fence runs along St. Mark's Road and curving round line of fence at Cubbon Park Police Station marked stone No. $\frac{XIV}{1}$, the boundary line turns almost due west for 139 feet along the north of the Cubbon Park Station to stone $\frac{XIV}{2}$ and from stone $\frac{XIV}{2}$ the boundary line runs south for 97 feet and along west of the Police station to stone No. $\frac{XIV.}{3}$ From stone $\frac{XIV}{3}$ the boundary line turns to the east for 41 feet and south of the Police station to stone No. $\frac{XIV}{4}$, where it meets the Sydney Road and runs along front of the Museum to the cross roads, whence the causeway across Sampangi tank takes off. The change of direction which here occurs is marked by boundary stone No. XV, Point I, Revenue Survey Sheet I. From this point the boundary runs along the western edge of the Sampangi causeway until it falls into the Sampangi tank bund, boundary stone No. XVI being fixed at this point of intersection, Point J of Revenue Survey Sheet I.

XVI. Leaving boundary stone No. XVI, the line follows the curve of the compound wall of Revenue Survey Office and the roadside walls of Colonel Beresford's house until it reaches the corner of Lal-Bagh Road immediately opposite the gate of Langford House, which point is marked by boundary stone No. XVII, Point K, Revenue Survey Sheet I.

XVII. Passing down Lal-Bagh Road along the compound hedges of the adjoining houses, the line crosses the road near the porch of Sonnaiya & Co.'s flower garden, at which point boundary stone No. XVIII is fixed, Point L, Revenue Survey Sheet I, and runs due south along the hedge and ditch bordering the tope and gardens, which here extend from Lal-Bagh Road down to the bed of Sunnakal tank, at the end of this reach a re-entering angle is formed by the boundary, coinciding with the boundaries of the Survey numbers, and the corners are marked on the ground by boundary stones Nos. XIX, XX and XXI.

XVIII. From stone XXI the line runs due east along the northern wetted border of Sunnakal tank, adhering to the garden boundaries as marked on ground by the earthen Survey "Bandhs," in other words, along the southern village boundary of Hakkitimmanhalli. After passing between the south-western corner of the Cantonment cemetery and the northern end of the Sunnakal tank bund, it curves round south for a short distance so as still to follow the field boundaries of Hakkitimmanhalli until it crosses the Anekal District Road not far from where the latter takes off from the High Road to Oossoor.

XIX. From the Anekal road the line continues due east and crossing the Oossoor Road keeps to the boundary between the villages of Hakkitimmanhalli and Koramangal until it falls into the bed of Koramangal tank. The angle near the cemetery and end of Sunnakal tank bund is marked on the ground by boundary stone No. XXII, the points where the Anekal

and Oossoor roads are crossed by stones Nos. XXIII and XXIV, and the point where the line on falling into Koramangal tank changes direction to the north-east by boundary stone No. XXV.

XX. From stone No. XXV, the boundary runs along the edge of the Koramangal tank to stone No. XXVI on the south side of the Nilasandra road to the south-west of the Commissariat slaughter-house and thence along the south side of that road to stone No. XXVII, which is at the point where that road meets the road running along the west side of the Artillery Practice Ground.

XXI. Thence the Station boundary simply skirts the southern slopes of the Artillery Practice Ground, following the lines of stone posts which demarcate the range, until on its eastern side the point is reached where the boundaries of the villages of Chellagatta and Domlur meet. This is Point O on Revenue Survey Sheet 2, and is marked on ground by boundary stone No. XXX, the southern angles of the Practice Ground being shown by boundary stones Nos. XXVIII and XXIX.

XXII. From point O, boundary stone No. XXX, the Station boundary line bears away north-east above the bed of Chellagatta tank, and then, at a point marked by boundary stone No. XXXI near the Vartur District road it turns north and follows from "Bandh" to "Bandh" the eastern field boundaries of Domlur and Dukanhalli villages. At the north-eastern angle of the village boundaries of Dukanhalli, marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanhalli northern boundary, and then leaving the hamlet of Abbareddipalyam on the left, runs into the village boundary of Binnamangal at point marked by boundary stone No. XXXIII.

XXIII. The southern and eastern village boundaries of Binnamangal are then followed until the line after passing close by the village tank falls into the Hoskote high road nearly opposite to Army Signalling Station No. 5, at which point boundary stone No. XXXIV is fixed.

XXIV. From stone XXXIV the Station line runs up the Hoskote road for a short distance to the Survey "Bandh" at side of road, from which mark it again runs due north across the fields, until the north-eastern angle of the village boundaries of Binnamangal is reached where boundary stone No. XXXV is fixed.

XXV. Thence the Station boundary bears west down the trough of the valley crosses the low ground immediately above Binnamangal Tank and runs up the slope to the Sapper Parade Ground on edge of which boundary stone No. XXXVI is placed, Point P on Revenue Survey Sheet No. 2. Running then north along the Sapper Parade Ground to the corner marked on the ground by boundary stone No. XXXVII, it turns again west along the Parade Ground until it reaches the Dodkunte south-eastern limits. This point is marked on ground by boundary stone No. XXXVIII.

XXVI. The Station line then follows the village boundary north along the walls of the St. John's Hill Christian Cemeteries, Survey blocks 677 and 676 up to the point where it is intersected by the Madras Rail-

way, outside the northern fence of which boundary stone No. XXXIX is fixed.

XXVII. From this last point the Station line follows the eastern village boundary of Dodkunte until it closes on the starting point boundary stone No. I.

XXVIII. From the above description it will be seen that the Bangalore Civil and Military Station includes within its limits the villages of Dodkunte, Byadarahalli, part of Upparhalli, part of Sampangihalli, Hakkitimmanahalli, Nilasandra, Sonnenhalli, Domlur, Dukanhalli and Binnamangal, within which lie the villages of Bilkihalli, Shule, Kupsandra, Alsur and the various bazaars, barracks, parade grounds, Station cemeteries, etc.

XXIX. The stones which mark the limits and are enumerated above are square in section and stand 2 feet from the ground, the top being chiselled off to a wedge as per marginal sketch, on the face of which are countersunk the number in Roman characters and the letters "S. B." (Station boundary).

The positions of stones Nos. XXVI and XXVII will be altered as herein indicated:—

"XX. From stone No. XXV, the boundary runs along the edge of the Koramangala tank to stone No. XXVI on the south side of the Nilsandra road to the south-west of the Commissariat Slaughter house and thence along the south side of that road to stone No. XXVII, which is at the point where that road meets the road running along the west side of the Artillery Practice Ground."

8. In paragraph XXII of the said Notification No. 56, dated the 17th May 1881, the word 'west' shall be substituted for the word 'east' between the words 'turns' and 'along' as hereunder:—

"XXII. From point O boundary stone No. XXX, the Station boundary line bears away north-east above the bed of the Chellaghatta tank, and then at point marked by

boundary stone No. XXXI near the Vartur District road it turns north and follows from "Bandh" to "Bandh" the eastern field boundaries of Domlur and Dukanahalli villages. At the north-eastern angle of the village boundaries of Dukanahalli marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanahalli northern boundary, and then leaving the hamlet of Appireddipaliem on the left, runs into the village boundary of Binnamangala at point marked by boundary stone No. XXXIII."

9. A schedule giving the boundaries of the Civil and Military Station of Bangalore as now revised, is appended.

DESCRIPTION OF THE BOUNDARIES OF THE CIVIL AND MILITARY STATION OF BANGALORE.

I. The boundary line of the Civil and Military Station of Bangalore will be assumed, for purpose of description, to start from the angle formed by the northern and eastern Revenue Survey boundary lines of the kayamgutta village lands of Dodkunte. This point, marked on the ground by boundary stone No. I, and lettered R on Revenue Survey Sheet 2, is the extreme north-eastern angle of the boundary limits now fixed for the Station. It is situated by the side of the Banasavadi road and on the centre of the ridge which divides the catchment basins of Lingarajpura and Narasampalyam tanks.

II. From this starting point the northern Station boundary hugs, for some distance, the Banasavadi road until it comes to the rocky hill known as "Machilgutte," round the southern base of which it sweeps, then following westward and coinciding with Revenue Survey boundary between the villages Dodkunte and Lingarajpura. It thus runs along the watershed and nearly parallel to the line of railway until it crosses the Kachakalli road at a point a short distance from, and due north of, the Native Cemetery of St. John's Hill. This point is marked on the ground by boundary stone No. II, and is lettered A on Revenue Survey Sheets 2 and 1.

III. Thence the Station boundary continues westward along the village boundary line until it reaches the north-western angle of the Dodkunte lands, which point is marked on the ground by boundary stone No. III.

IV. To the north of the boundary described in the above paragraph is an isolated piece of land attached to the Civil and Military Station for the purposes of a Hindu burial ground and a Municipal filth depôt comprising an area of 28 acres and 37 guntas and bounded as follows:—From boundary stone $\frac{II}{1}$, which is situated on the west side of the road leading to Hennur and $102\frac{2}{3}$ yards north-east by north of stone II along the side of the same road for about 187 yards in a direction north-east by north, to stone $\frac{II}{2}$; thence west north-west about 61 yards to stone $\frac{II}{3}$, then north-east by north about 6 yards to stone $\frac{II}{4}$; west by north about 311 yards to stone $\frac{II}{5}$ on the bank of a small stream; thence north by east about 60 yards along the east bank of the stream to stone $\frac{II}{6}$, thence west 212 yards to stone $\frac{II}{7}$ and in the direction west by north 121 yards to stone $\frac{II}{8}$, thence north north-east 153 yards to stone $\frac{II}{9}$, west by north

100 yards to stone $\frac{II}{12}$, south by east 55 yards to stone $\frac{II}{13}$, thence in a slightly curved line south south-west 181 yards to stone $\frac{II}{14}$, south-east 70 yards to stone $\frac{II}{15}$, which is situated at a point 56⅔ yards north north-east of boundary stone III, thence 46 yards east south-east to stone $\frac{II}{16}$, thence north north-east 119 yards to stone $\frac{II}{17}$, thence south-east by east 91 yards to stone $\frac{II}{18}$, 143 yards further to stone $\frac{II}{19}$, and east by south 150 yards to stone $\frac{II}{20}$, thence south 30 yards to stone $\frac{II}{21}$, and east south-east about 168 yards to stone $\frac{II}{1}$.

V. At stone No. III, the line turns sharply and running south by west for some distance still follows and coincides with the village boundary of Dodkunte, until it meets the hedge of the large village known as "The Tanneries." This point is marked on the ground by boundary stone No. IV, and is lettered B on Revenue Survey Sheet I.

VI. Leaving Station boundary stone IV, the old boundary is followed up to the east of the Tannery road and is marked $\frac{IV}{1}$. From this point the boundary line runs north-east for a distance of 1,375 feet to stone No. $\frac{IV}{2}$ along east of the road. From stone $\frac{IV}{2}$ the boundary lines runs 58½ feet north-east by east to stone $\frac{IV}{3}$, and from stone $\frac{IV}{3}$ it runs 79 feet north-west by north to stone $\frac{IV}{4}$, to the north of the Police outpost. From stone $\frac{IV}{4}$, the boundary line goes 73 feet south-west to stone $\frac{IV}{5}$. From stone $\frac{IV}{5}$, the boundary line runs 23 feet south-east by south to stone $\frac{IV}{6}$, completing the circuit of the Police outpost. From stone $\frac{IV}{6}$ the boundary line runs 155 feet south-west by west along west of the road to stone $\frac{IV}{7}$. From stone $\frac{IV}{7}$ the boundary line runs 376 feet south-west along west of the road to stone $\frac{IV}{8}$ meeting the Station boundary at the north-east corner of the "Idga" near the road culvert. After this, the boundary follows the irregular outline of the Masjid immediately north of that village Survey block No. 671 on Revenue Survey Sheet I, until it meets to the west of the Tanneries, the northern boundary line of the Inam village of Byadarahalli. This point is marked on the ground by boundary stone No. V and is lettered C on Revenue Survey Sheet I.

VII. From point C boundary stone No. V, the Station boundary follows the westerly course of the north village boundary of Byadarahalli until the angle formed by the northern and western village boundaries is reached, this angle being marked by boundary stone No. VI.

VIII. From stone No. VI, the Civil and Military Station boundary line follows in zig-zag the west boundaries of the Byadarahalli fields until it crosses the Nullah at stone now marked $\frac{VII}{1}$. From stone $\frac{VII}{1}$, the boundary line turns to the west for a distance of 218 feet to stone $\frac{VII}{2}$. From

stone $\frac{\text{VII}}{2}$, the boundary line runs south-west by west for 85 feet to stone $\frac{\text{VII}}{3}$. From stone $\frac{\text{VII}}{3}$, the boundary line turns south-west by south for 70 feet along the west of the Police outpost to stone $\frac{\text{VII}}{4}$. From stone $\frac{\text{VII}}{4}$, the boundary line runs east along south of Police outpost to stone $\frac{\text{VII}}{5}$. From stone $\frac{\text{VII}}{5}$, the boundary line runs north for 20 feet to stone $\frac{\text{VII}}{6}$. From stone $\frac{\text{VII}}{6}$, the boundary line runs 267 feet east to corner of present boundary line south of St. John's Hill cross road and opposite the S. B. stone VII, to which point the existing S. B. stone No. VII should be removed and refixed. Thence it passes down St. John's Hill cross road just outside the south-western side drain until it reaches the eastern corner of field No. 668, where boundary stone No. VIII is fixed.

IX. Leaving St. John's Hill cross road at this point, the Station boundary runs south-west along the north-western boundary of Survey Nos. 667 and 68, and at the south-western corner of the latter No. 68, boundary stone No. IX is fixed.

X. From boundary stone No. IX, the Station boundary runs south-west almost in a straight line just outside the south-east drain of Miller's road and the western side of Survey Nos. 474, 473, 464 and 455 till the south-western extremity of No. 455 is reached, where boundary stone No. X is planted.

XI. From boundary stone No. X, the Station boundary meeting the north side of the High Ground runs west along the northern boundary of Survey No. 459 up to the north-western corner of that number and thence it passes south along Avenue Road and the western boundary of Survey Nos. 458, 129, 128, 127 till at the south western extremity of No. 127 it meets the new boundary stone No. XI on Revenue Survey Sheet No I.

XII. From new boundary stone No. XI, the line runs east by south along the southern boundary of Survey No. 127 and thence turns to the south alongside the Nullah which is the eastern boundary of Survey No. 126, thence turning north through Survey No. 122 and east through the middle of Survey No. 124, it turns south-east, skirting the Government Press buildings to the southern extremity of Survey No. 40 where new boundary stone No. XII is fixed, adjoining the Pettah Road and to the south west of the entrance to the Residency Park, which is almost opposite the south-west end of the Public Offices.

XIII. From new boundary stone No. XII, the line takes a northerly direction parallel with the fence of the Residency compound along the Pettah Road up to the stone pillar at which the wire fence of the Cubbon Park begins almost due south of the Post Office, where boundary stone No. XIII is placed.

XIV. The Station boundary line then proceeds along the Cubbon Park wire fence to the angle in the fence immediately opposite His Majesty's Post Office and thence follows the Park fence to St. Mark's Church or West

Parade Road, at which point boundary stone No. XIV is fixed. Point G on Revenue Survey Sheet I.

XV. From stone No. XIV, the boundary still keeping to the Cubbon Park fence runs along St. Mark's Road and curving round line of fence at Cubbon Park Police Station marked stone No. $\frac{XIV}{1}$, the boundary line turns almost due west for 139 feet along the north of the Cubbon Park Station to stone $\frac{XIV}{2}$ and from stone $\frac{XIV}{2}$ the boundary line runs south for 97 feet and along west of the Police station to stone No. $\frac{XIV.}{3}$ From stone $\frac{XIV}{3}$ the boundary line turns to the east for 41 feet and south of the Police station to stone No. $\frac{XIV}{4}$, where it meets the Sydney Road and runs along front of the Museum to the cross roads, whence the causeway across Sampangi tank takes off. The change of direction which here occurs is marked by boundary stone No. XV, Point I, Revenue Survey Sheet I. From this point the boundary runs along the western edge of the Sampangi causeway until it falls into the Sampangi tank bund, boundary stone No. XVI being fixed at this point of intersection, Point J of Revenue Survey Sheet I.

XVI. Leaving boundary stone No. XVI, the line follows the curve of the compound wall of Revenue Survey Office and the roadside walls of Colonel Beresford's house until it reaches the corner of Lal-Bagh Road immediately opposite the gate of Langford House, which point is marked by boundary stone No. XVII, Point K, Revenue Survey Sheet I.

XVII. Passing down Lal-Bagh Road along the compound hedges of the adjoining houses, the line crosses the road near the porch of Sonnaiya & Co.'s flower garden, at which point boundary stone No. XVIII is fixed, Point L, Revenue Survey Sheet I, and runs due south along the hedge and ditch bordering the tope and gardens, which here extend from Lal-Bagh Road down to the bed of Sunnakal tank, at the end of this reach a re-entering angle is formed by the boundary, coinciding with the boundaries of the Survey numbers, and the corners are marked on the ground by boundary stones Nos. XIX, XX and XXI.

XVIII. From stone XXI the line runs due east along the northern wetted border of Sunnakal tank, adhering to the garden boundaries as marked on ground by the earthen Survey "Bandhs," in other words, along the southern village boundary of Hakkitimmanhalli. After passing between the south-western corner of the Cantonment cemetery and the northern end of the Sunnakal tank bund, it curves round south for a short distance so as still to follow the field boundaries of Hakkitimmanhalli until it crosses the Anekal District Road not far from where the latter takes off from the High Road to Oossoor.

XIX. From the Anekal road the line continues due east and crossing the Oossoor Road keeps to the boundary between the villages of Hakkitimmanhalli and Koramangal until it falls into the bed of Koramangal tank. The angle near the cemetery and end of Sunnakal tank bund is marked on the ground by boundary stone No. XXII, the points where the Anekal

and Oossoor roads are crossed by stones Nos. XXII and XXIV, and the point where the line on falling into Koramangal tank changes direction to the north-east by boundary stone No. XXV.

XX. From stone No. XXV, the boundary runs along the edge of the Koramangal tank to stone No. XXVI on the south side of the Nilasandra road to the south-west of the Commissariat slaughter-house and thence along the south side of that road to stone No. XXVII, which is at the point where that road meets the road running along the west side of the Artillery Practice Ground.

XXI. Thence the Station boundary simply skirts the southern slopes of the Artillery Practice Ground, following the lines of stone posts which demarcate the range, until on its eastern side the point is reached where the boundaries of the villages of Chellagatta and Domlur meet. This is Point O on Revenue Survey Sheet 2, and is marked on ground by boundary stone No. XXX, the southern angles of the Practice Ground being shown by boundary stones Nos. XXVIII and XXIX.

XXII. From point O, boundary stone No. XXX, the Station boundary line bears away north-east above the bed of Chellagatta tank, and then, at a point marked by boundary stone No. XXXI near the Vartur District road it turns north and follows from "Bandh" to "Bandh" the eastern field boundaries of Domlur and Dukanhalli villages. At the north-eastern angle of the village boundaries of Dukanhalli, marked on ground by boundary stone No. XXXII, the Station line turns west along the Dukanhalli northern boundary, and then leaving the hamlet of Abbareddipalyam on the left, runs into the village boundary of Binnamangal at point marked by boundary stone No. XXXIII.

XXIII. The southern and eastern village boundaries of Binnamangal are then followed until the line after passing close by the village tank falls into the Hoskote high road nearly opposite to Army Signalling Station No. 5, at which point boundary stone No. XXXIV is fixed.

XXIV. From stone XXXIV the Station line runs up the Hoskote road for a short distance to the Survey "Bandh" at side of road, from which mark it again runs due north across the fields, until the north-eastern angle of the village boundaries of Binnamangal is reached where boundary stone No. XXXV is fixed.

XXV. Thence the Station boundary bears west down the trough of the valley crosses the low ground immediately above Binnamangal Tank and runs up the slope to the Sapper Parade Ground on edge of which boundary stone No. XXXVI is placed, Point P on Revenue Survey Sheet No. 2. Running then north along the Sapper Parade Ground to the corner marked on the ground by boundary stone No. XXXVII, it turns again west along the Parade Ground until it reaches the Dodkunte south-eastern limits. This point is marked on ground by boundary stone No. XXXVIII.

XXVI. The Station line then follows the village boundary north along the walls of the St. John's Hill Christian Cemeteries, Survey blocks 677 and 676 up to the point where it is intersected by the Madras Rail-

way, outside the northern fence of which boundary stone No. XXXIX is fixed.

XXVII. From this last point the Station line follows the eastern village boundary of Dodkunte until it closes on the starting point boundary stone No. I.

XXVIII. From the above description it will be seen that the Bangalore Civil and Military Station includes within its limits the villages of Dodkunte, Byadarahalli, part of Upparhalli, part of Sampangihalli, Hakkitimmanahalli, Nilasandra, Sonnenhalli, Domlur, Dukanhalli and Binnamangal, within which lie the villages of Bilkihalli, Shule, Kupsandra, Alsur and the various bazaars, barracks, parade grounds, Station cemeteries, etc.

XXIX. The stones which mark the limits and are enumerated above are square in section and stand two feet from the ground, the top being chiselled off to a wedge as per marginal sketch, on the face of which are counter-sunk the number in Roman characters and the letters "S. B." (Station boundary).
